CELEBRATES HER 102ND BIRTHDAY

Mrs. Minerva Thompson is an Aunt of J. H. Frazee, Mrs. L. M. Clark And Mrs. Elmer Humes

FORMERLY OF RUSH COUNTY

Waldron Woman Recalls Walking to Rushville as Young Woman to Sell Eggs at 5 Cents a Dozen

Mrs. Minerva Thompson, formerly a resident of this county and an aunt of Mrs. Lewis M. Clark, Mrs. Elmer Humes and John H. Frazee of this city, celebrated her one hundred and second birthday anniversary at her home in Waldron Thursday.

The celebration was attended by Mr. and Mrs. John H. Frazee, Mrs. Howard Carmichael and Mrs. Charles Offutt of this city.

Mrs. Thompson was a daughter of James and Drusilla Barnes and was born in Lewis county, Kentucky, May 18, 1820. At the age of nine her parents moved from Kentucky to Rush county, Indiana. She was married in 1845 to Alfred Gregg Thompson, and in 1851 Mr. and Mrs. Thompson moved to Shelby county, settling on a farm near Waldron. They lived on the farm until 1890 when Mr. Thompson died.

Mrs. Thompson was one of a family of twelve children. A sparkle comes to her eye even now when she recalls the happy times the family had in their own home, and in the early community life. She was the mother of seven children, only two of whom are now living. The children are Miss Anna Thompson, who lives with her mother, and Mrs. Andrew J. Ensminger of Shelbyville.

Living with her is her sister, Mrs. Laniel Cummins, who is ninety-eight years old, and as active and cheerful as a woman thirty years younger. Miss Anna Thompson, a daughter of Mrs. Thompson, also lives with the two older women at Waldron.

Mrs. Thompson is now in ill health and for the last few weeks has been unable to leave her home. She retains her clearness of mind, and is interested in the happenings in her home and the village where she has lived for years. She enjoys the visits of her friends and neighbors to her cottage.

Until recently Mrs. Thompson had been able to walk about her house, and in the yard when the weather permitted. She has lived through the administrations of twenty-seven Presidents of the United States and remembers many events of interest, which occurred during her long life.

Mrs. Thompson was twenty years Continued on Page Three

LEGION POSTS IN DISTRICT MEETING

Rush Post of This City Not Represented, But Delegations From Mays and Carthage Attend

STATE COMMANDER SPEAKER

Representatives from the Sixth District posts of the American Legion, together with their auxiliaries, held a convention Thursday in Greenfield, when several hundred former soldiers were present. Rush post 150 was not represented, but the Carthage and Mays posts had large delegations at the meeting.

Among the speakers were Claude Gregg of Vincennes, state commander; Judge Raymond Springer of Connersville, past commander; the Rev. C. R. Martin of Liberty, state chaplain; Mrs. Edna Barcus, president of the Woman's Auxiliary, Indianapolis; Miss Pauline Kernie of Indianapolis and Walter Myers an Indianapolis attorney.

Dr. George N. Hunt, district chairman presided at the business sessions and a round table discussion was held by the auxiliary members at their meeting in the afternoon.

After the business session, the guests were taken on a sight seeing trip of Greenfield, and visit was made to the birth place of James Whitcomb Riley, the Hoosier poet.

MEMORIAL SERVICES HELD

Grand Lodge of I. O. O. F. Honors Memory of Edwin Farrer

Memorial services for Edwin Farrer, ex-assistant grand secretary of the Indiana grand lodge of Odd Fellows, were held in Indianapolis Thursday at the semi-annual communication of the order. The Rushville lodge was represented at the meeting. Mr. Farrer, who died several months ago, was until a few years preceding his death, a resident of Rushville and a very active member of the Odd Fellows lodge. Tribute was paid to the memory of several other deceased grand officers at the memorial services.

Nominations for grand officers were made at the closing session yesterday and the election will not be held until the November communication.

PLAN CAMPAIGN ON STATE ISSUES

Indiana Democratic Committee Decides to Shove Aside National Issues at Meeting Today

CHAMBERS STATE CHAIRMAN

Platform Will Call For Revision of Tax Law and Efficiency and Economy in State Business

(By United Press) Indianapolis, Ind., May 19.—Democrats of Indiana will go into the November election on a platform composed almost entirely of state issues.

National questions will be shoved aside, it was tentatively decided today at a reorganization meeting of the new state committee at which Walter Chambers of Newcastle, a newspaper publisher, was elected state chairman.

Some of the planks in the platform will call for revision of the tax law, economy and efficiency in the state administration, establishment of the state highway commission on a non-political basis and appointment of a public service commission "who work for business interests rather than for a high salary with utilities when they leave public service."

Chambers and other officers of the committee were elected by acclamation. Miss Gertrude Fanning McHugh of Indianapolis, was named secretary.

Other officers elected follow: Vice-chairman, Mrs. A. T. Flynn, Logansport; treasurer, Tom Taggart of French Lick; national committeemen for Indiana, Mrs. James R. Riggs of Sullivan.

Mrs. G. I. Guin of Rensselaer, chairman of the tenth congressional district withdrew from the race for national committee woman, and permitted the entire slate of officers to go through without opposition.

John McFadden of Rockville was elected chairman of the platform committee to succeed Chambers.

DIAPASIONS MEET SUNDAY

Annual Session Will be Held at St. Paul's M. E. Church

The nineteenth annual reunion of the Rush County Diapason association will be held at St. Paul's M. E. church Sunday afternoon at 1:30 o'clock. The meeting was originally announced for the Main Street Christian church, but the place had to be changed to avoid a conflict with the Dr. E. L. House meetings. In addition to the singing of the old-time songs under the leadership of John A. Spurrier, precentor, there will be special orchestra and pipe organ music, violin and vocal solos and quartets.

APPENDICITIS OPERATION.

James Morris, who is employed at the Ninety-Nine Cent store, underwent an operation for appendicitis at the Dr. Sexton hospital Thursday afternoon about four o'clock. He suffered a sudden attack and the operation was decided upon immediately.

THREE THINGS IN BUILDING OF FACE

Eating, Sleeping and Suggestion Three Things Which Determine It, Dr. E. L. House Says

HE ANALYZES SOME FACES

Beginning Sunday Afternoon, Psychologist Will Lecture Twice Daily at Christian Church

Three things enter into face building, Dr. E. L. House said in his lecture on "The Drama of The Face" at St. Paul's M. E. church Thursday night—eating, sleeping and suggestion, and he urged that particular attention be paid to these three phases because eventually, the speaker declared, the face will drop its mask and what is behind it will come out.

A large and interested audience heard the lecture, at the close of which Dr. House analyzed the faces of some of his hearers.

Tonight his subject will be "Spiritual vs. Mental Healing," a great teaching lecture and a survey of metaphysics as practiced today. Saturday afternoon, his subject will be: "Psychic Phenomena," in which he discusses Theosophy, Spiritualism, Hypnotism, Dreams and Telepathy.

This will mark the close of the lectures at St. Paul's church. On Sunday Dr. House will move over to the Main Street Christian church and in the afternoon at 3 o'clock he will lecture on the subject, "Where is Heaven?" In the evening he will deliver the baccalaureate sermon to the graduating class of the Rushville high school. His subject will be "Life as a Masterpiece."

Speaking on "The Drama of The Face," he said in part:

"There is a story in every face. The face we have at fifteen is the one nature has given us; the one we have at fifty we have made for ourselves. Every young man's face is a prophecy; every old man's face is a history."

"I like the old people's faces best, because they have so much of life drama and history in them. What is more pathetic than the face that shows it has lived for itself, and is stamped by lust and passion? What more beautiful than the face of kindness and goodness reflecting the true and the noble? Why does the face reveal so much? Because back of the face are forty-two great nerve centers, and over these the brain sends its thoughts to different parts

LANDMARK ON THE PATHWAY TO PEACE

Premier Lloyd George Thus Describes Genoa Conference at Final Plenary Session Today

REFERS TO TEMPORARY TRUCE

(By United Press) Genoa, May 19.—This conference will prove an ever inspiring landmark on the pathway to peace, Lloyd George declared today in his speech at the last plenary session.

The British premier described the Genoa gathering as one of the most remarkable conferences in history. He admitted the conference had not progressed as far as the most had expected. Regarding the temporary truce past, it was only a provisional measure, but that once it was established, no nation would go back on it, he declared.

The psychological effect upon the peoples of the world would be electrical, he declared. A thrill of peace had come through the world, he said.

Representatives of 29 nations, met at St. Georges palace to complete the work of the parley, formally accepted the non aggression pact.

Premier Facta, of Italy signed the document containing the true agreement and by this act, each nation represented at the closing session was understood to have given assent.

The plenary session adjourned at 1:10 p. m., bringing the economic conference formally to an end.

ADMINISTRATION MEETS SUCCESS

Efforts to Bring About Better Business Conditions Get Results Are Two Conferences

STEEL AND COAL MEN MEET

General Conference of Operators to Check Profiteering as Result of Strike To Follow

By THOMAS L. STOKES (U. P. Staff Correspondent)

Washington, May 19.—The administration has met with initial success in its efforts to bring about better business conditions through a series of conferences here with the leaders of the nations industries.

The leading steel men of the country after a conference at the White House last night, went on record as agreeing in principle to the abolition of the 12-hour day in the steel industry. A committee of five steel magnates will be appointed by Judge Elbert H. Gary to make a thorough investigation of President Harding's request that the working day be cut from 12 to 8 hours.

A general conference of 1500 coal operators to check profiteering in coal and out of which might come some settlement of the nation-wide mine strike has been called as the result of Secretary of Commerce Hoover's discussion of recent increases in coal prices with about fifty non-union coal operators yesterday.

Hoover desires to have the operators set up committees of their own, forming an organization somewhat similar to the war-time fuel administration which will keep coal prices down. The operators, however, have raised the question as to whether such an organization would not violate the anti-trust laws and Attorney General Daugherty has been asked for an opinion. Because of the progress made in the steel and coal conferences, administration officials are hopeful of results at the dinner of leading railroad heads at the White House. The railroad men will be asked to "go the limit" and agree to as large rate reductions as possible.

The president during the last 24 hours has made it clear that he will insist that the labor be fairly treated. Continued on Page Three

GUARDIAN IS NAMED FOR WILLIAM DAGLER

Court Acts on Petition of Two Sons Who Allege He is Not Able To Attend To His Affairs.

J. F. JOYCE ASKS DISMISSAL.

James V. Young was appointed guardian for William Dagler this morning in the circuit court, when the defendant consented to have the guardian appointed, and admitted in his answer to the complaint filed by his two sons, that he was not capable of managing his own affairs.

Very little business was being transacted today in the court, as only matters of minor importance concerning issues to cases were brought up.

John F. Joyce, defendant in a suit filed by Albert C. Stevens, in which a recount of the ballots at the republican primary election, has filed a motion asking that the court dismiss the suit. No action concerning the motion, or the plaintiff's petition for a recount has been taken in the matter.

Several court cases are docketed for Saturday, including a couple of divorce suits which were set for hearing last Saturday, but continued over until this week.

The First National bank of Lewisville today filed suit in the circuit court against Alva D. Eakins and Josephine M. Eakins, the complaint being to collect on a note and for foreclosure of a mortgage on a farm, in which \$4,000 judgment is demanded.

TO PRESENT STAGE SCENERY

Graduating Class of Rushville High School Decides on Gift

The 1922 graduating class of the Rushville high school will present the school with some appropriate scenery for the stage in the auditorium of the Graham Annex building. It is the custom of the graduating classes to use a part of the proceeds from their class plays and other undertakings to buy a gift for the high school. In the past the gifts have been largely art and pieces of sculpture.

The class netted \$216.81 on "The Far-Away Princess," the musical show which was given April 27 and 28. The proceeds amounted to more than \$400 but heavy expenses cut this sum down.

WILL RAISE MONEY FOR THE CENTENNIAL

Finance Committee Announces That People Will be Called on to Contribute in Few Days

TO MAKE CREDITABLE SHOWING

Money will be needed to defray the expenses of the Rush county centennial celebration, which will be held in Rushville June 14 and 15, and the effort to raise enough funds to meet the financial needs of the occasion will be started in a few days, according to an announcement given out by the finance committee, which is as follows:

"As you all know, we are expecting to celebrate Rush county's one hundredth birthday June 14 and 15. "Nothing in the way of a creditable recognition of the event can be staged without financial assistance.

"In a few days the financial committee will call upon the people of Rushville and Rushville township for this money. We trust that you will be prepared to make a generous contribution to this great and rare event.

"This is your county and your celebration; so please contribute your part."

ON AN EXCURSION TO STUDY THE SOIL

Class of Muncie State Normal Students Pass Through Here Today In Motor Buses

TO RETURN SATURDAY NIGHT

A class in geography and geology from the State Normal school, eastern division, of Muncie, passed through Rushville between 11 and 12 o'clock today in four motor buses enroute to Decatur and Brown county where they will study the soil.

The class was in charge of Prof. Fred J. Breeze, instructor on the faculty of the state normal, and is composed of fifty-three students, the majority of whom are girls. Three other students not in the class also made the trip with the party. The class was to spend the afternoon in Decatur county, stay over night in Columbus and devote Saturday to the study of the soil in Brown county, returning home Saturday night.

Prof. Breeze will take a party of state normal students on a geological excursion to the Pacific coast this summer. They will go by rail and spend several days in Yellowstone Park, and will also visit Puget Sound. Last summer he conducted a party of students on a motor trip of five weeks duration through the east.

AFTER RECRUITS

Representatives from Ft. Benjamin Harrison were here Thursday in an effort to secure enlistments for the army, which are now needed in practically every branch of the service. Men are now wanted especially for service in California, the Philippines and other island possessions, and the pay is listed at \$30 and upward a month. The enlistments may be made by applying at Fort Harrison, they stated.

VICTORY SCARE TO THE OLD GUARD

Immediate Results of Pennsylvania Progressives Triumph Will be Attempt to Speed up Legislation

VOTERS ARE DISSATISFIED

Because of Pinchot's Victory Belief Prevails That Political Machines Are Losing Effectiveness

(By United Press) Milford, Pa., May 19.—Results of the Pennsylvania election indicate there is to be a "peoples awakening" and better government will follow, in the belief of Gifford Pinchot, Progressive Republican victor in the Keystone state's gubernatorial primary.

Pinchot sees in his triumph over the powerful state organization once bossed by Cameron, Quay and Penrose, unmistakable signs of the approaching "awakening" at least in Pennsylvania.

By HERBERT WALKER (U. P. Staff Correspondent)

Washington, May 19.—Victory of Gifford Pinchot over the once powerful Pennsylvania Republican machine coming closer on Senator New's defeat in Indiana, has thrown a real scare into the Old Guard here.

One of the immediate results of the Pennsylvania Progressives triumph in a state where the Republican organization has reigned supreme for many years, will be an attempt on the part of old guard leaders in the senate to speed up legislation.

Two main reasons lie back of the old guards sudden move for speed. These are:

1—Realization privately admitted that a large bloc of voters are dissatisfied with the present congress.

2—A desire to wind up the present session and get back in their respective districts to mend fences in the hope of preventing defeats to party organizations such as have come in Pennsylvania and Indiana.

Because of Pinchot's victory there is also an increasing belief here that the political machines throughout the country are losing their effectiveness to a considerable degree. Both Pinchot and Beveridge in Indiana "bucked" strong party organizations and won.

To many observers here it appears the voting public, regardless of party, is exhibiting a new voting independence.

Some political wiseacres believe the enfranchisement of women is responsible and that never again will a machine appear to rival those of Quay and Penrose. Continued on Page Six

MISS ANNA GILSON STRUCK BY MACHINE

Suffers Two Broken Bones in Lower Right Arm and Many Bruises Thursday Evening

ROSCOE NEWHOUSE DRIVER

Miss Anna Gilson was painfully injured Thursday night about 7:30 o'clock, when she was struck and knocked down by an automobile at the corner of Third and Main streets, suffering two broken bones in her lower right arm, and numerous bodily injuries.

The machine was driven by Roscoe Newhouse, son of Oscar Newhouse, living north of Rushville, who was detained by the police, but later released. Miss Gilson and her neighbor, Mrs. William Denny, were starting to cross the street, and had to pass around a crowd of men collected at the corner, when they stepped down at the curb. Mrs. Denny jumped back in time to avoid being struck, but Miss Gilson was hit and thrown several feet ahead of the machine.

She was removed to a physician's office where her injuries were dressed, and she was later taken to her home, 23 East Third street, where she was reported today to be resting as well as could be expected, and nothing serious is expected to result from the accident.

J. C. Humes Praised
As a Good Soldier

Joel Wolfe, post No. 81, G. A. R., of this city, has passed resolutions as follows praising the late John C. Humes, civil war veteran and active member of the post during his life:

Headquarters Joel Wolfe Post No. 81 G. A. R. Rushville, Ind.
In Memoriam

John C. Humes was born in the State of Ohio and came with his parents to Indiana in early manhood where he resided until August 12, 1862, when he enlisted in Company I of the 68th Indiana Volunteers for a term of three years. He served as a faithful and true soldier until June 12, 1865 when he received an honorable discharge.

After said discharge he returned home where he lived a long, honorable and useful life, and on April 17, 1922, at the ripe old age of eighty-two years, answered the last Roll Call and passed to his reward.

Comrade Humes had filled many, if not all, of the official positions in our Post and was Chaplain at the time of his death.

Resolved: That in this hour of their great sorrow we offer to his afflicted family our sincere sympathy and condolence.

Resolved: That the Post Commander and Adjutant are hereby requested to properly attest and forward to his family a copy of these Resolutions.

INFORMATION ON MARKETING

Department of Agriculture Publishes
Bulletin Showing Monthly Trend
of Prices.

(Prepared by the United States Department
of Agriculture.)

Farsighted farmers get more money for their live stock and crops by following the law of average prices in the marketing of their products than do those who ignore the seasonal price fluctuations. In the past one of the chief difficulties confronting those who wished to profit by such information was that reliable figures which showed the monthly trend of prices for crops and live stock were not readily available. For that reason "Market Statistics," a 250-page bulletin published by the United States Department of Agriculture, should prove especially valuable. It was prepared by the bureau of markets and crop estimates.

In the case of hogs, for example, actual average prices are given for each of the last eleven years, month by month, for several of the more important market centers. Tables show the average monthly prices for the eleven years combined. The man who ships hogs to Chicago can find out from a table in this bulletin that the average December price is 9 per cent lower than the eleven-year average. The average September price is 8 per cent above the eleven-year average. When comparing September, the highest month, with December, the lowest month, it is seen that the September price for the eleven years is 19 per cent above the December price. With such information available one can often adjust his farm operations so as to get his stock ready for market during the months of average high prices. He may also see where it would be profitable to hold his crops for marketing in months of higher than average prices!

The bulletin gives such information for all classes of live stock, including hogs, cattle, sheep and their manufactured products. There are statistics

Flock of Sheep Ready for Market.

of a similar nature pertaining to practically all crops which the average farmer has to sell. A study of the bulletin would call attention to markets receiving large quantities of such produce. By comparing prices at several markets one could reach a conclusion as to which generally pays the most attractive prices.

A book of this nature from a book publisher would cost \$2 or \$3, but it may be obtained at a cost of only 30 cents to cover the cost of printing from the Superintendent of Documents, Washington, D. C. The department has no copies for free distribution.

—Robert Humes of Indianapolis was visiting relatives here Thursday and transacting business.

—Amos R. Baxter has returned home from Detroit, Mich., where he attended a conference pertaining to the electric railway executives.

—Mrs. William Delong and daughter May have returned to their home in Indianapolis after a few days visit with Mr. and Mrs. John Colestock.

—Miss Murl Mills, a student nurse in St. Vincent's hospital, Indianapolis, has arrived to spend the week end with her parents, Mr. and Mrs. T. S. Mills, north of the city.

—Miss Flora Gutaphel was called to Shelbyville this morning on account of the death of her uncle, George Peters, whose funeral services were held in that city this afternoon.

—Mrs. Tyler Bryan of Calcutta, India, formerly Miss Jean Bishop of this city, who has been visiting in Indianapolis for several days, has arrived here to be the guest of Miss Henrietta Coleman and other friends.

EIGHT PERSONS KILLED

Belfast, May 19.—Eight persons, including five Sinn Fein gunmen, were killed in pitched battles and bombings here Thursday. Police and the military are making a house to house search of the Republican quarter for gangsters who invaded the Musgrave police barracks, murdering a constable.

New York—Policemen laughed when Grazio Curatao threatened to shoot. It unnerved him and he's in jail.

New York—Denying the existence of a crime wave here, District Attorney Banton declared only 6,888 automobiles were stolen in a year.

CELEBRATES HER 102ND BIRTHDAY

Continued from Page One

old when William Henry Harrison was president, and vividly recalls the old log cabin and hard cider campaign of that history-making period. Mrs. Thompson recalls with what a feeling of awe and some fear she beheld her first railroad train, and later the electric car. She remembers the excitement that came with the use of the telegraph system and the scolding which was heard.

Before the election of Abraham Lincoln as President, she remembers having heard him make a campaign address in Rush county. Mrs. Thompson also recalls walking each week from her home to Rushville, a distance of several miles, with two baskets of eggs, the eggs being sold for 5 cents a dozen.

In addition to Mrs. Cummins and Mrs. Thompson, one other member of the family of twelve survives. She is Mrs. Olive Smith of Blaine, Cal. Mrs. Smith is more than eighty years old. Mrs. Thompson's father lived to be seventy-two years old and her mother eighty.

ADMINISTRATION MEETS SUCCESS

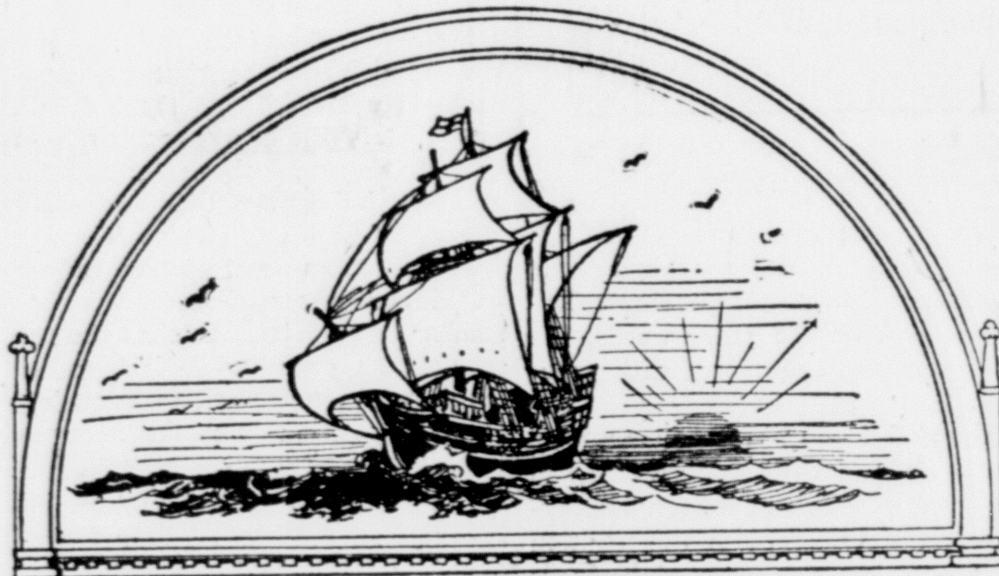

Continued from Page One

ed in the economic readjustment now under way.

He warned the business men attending the U. S. Chamber of Commerce convention that they must not expect to go back to the "old order" of American industry and exchange, adding that business leaders must always have thought for the masses who make both production and consumption possible.

W. F. SUNMAN FUNERAL

The funeral services for William F. Sunman, who died Thursday morning at his home near Raleigh, will be held Saturday morning at eight o'clock at the St. Mary's Catholic church in this city, in charge of the Rev. Francis Schaub, with interment in Calvary cemetery. The deceased was a native of Germany, but had resided in Washington township for a great many years.

Pilgrims Knew the Bible

Three hundred years ago a little band of men and women lived on faith and hard work in the forests of Massachusetts. They are known now as Pilgrims because they sailed from England to find a place to worship God without restraint. They brought their pastor with them—few modern immigrants do.

Bible Develops Character

The Pilgrims were poor and unlearned, but they knew the Bible. That knowledge developed a type of character we all admire! These first settlers would not be known to posterity had they not been so well acquainted with their Bible. Is your Bible a parlor ornament, or a study book? Read it today around the family lamp. Read it every day.

CHURCH SERVICES

St. Paul's M. E.

Pastor, Rev. C. S. Black.
Sunday school at 9:30 a. m.
George N. Wiltse, supt.
Morning worship, 10:30. Sermon by the pastor.
Junior League, 2:30 p. m.

lice signal box. Six policemen answered the summons. "Officers, do your duty!" commanded the summoner. They did so, arresting Mr. Joseph Johnson for imbibing too freely of a product of the malt and hops in which he himself is a dealer.

Mr. Johnson had, apparently, succeeded in getting just enough of the stuff into his system to make him realize that something was wrong. He had no one but himself to blame, yet he needed help, so his message went out accordingly.

In most bad situations, "myself" is in some way to blame. Either the self does not yield, as it should, to the situation, or it does not, as it should take command of it.

There is the story of the woman who, in despair over domestic difficulties and weariness, announced to her colored maid that she just had to "get away from everything for a while." "What's the use, honey? You just got to take yourself along!" was the reply.

Most of us lack the philosophy or the frankness which make Mr. Johnson and the colored servant so refreshing in a world of people who habitually find it the line of least resistance to deceive themselves.

Railroad Economy

The Pennsylvania Railroad announces a net income for last year of \$24,307,000, which is not bad for a year of business depression and shrunken traffic. It amounts to nearly 5 per cent on the capital stock outstanding.

More interesting still is the process by which this showing was made. The Pennsylvania accomplished the remarkable feat of reducing its operating expenses to the extent of \$190,000,000 for 1921 as compared with 1920. Much of this saving, no doubt, was effected automatically in the natural reduction of current expenses for labor, fuel, etc., accompanying diminished traffic. Most of it, evidently, was the result of increased efficiency in operation.

It is to be remembered that the Pennsylvania was already regarded as highly efficient, judged by American railroad standards, which are the highest in the world. What vast benefits, then, might not follow if American railroads generally were able to follow the Pennsylvania's example?

The best thing about it is that the economies introduced can be practiced just as well in good times as in bad times, thereby doubling the benefits of normal prosperity. Therein lie the big possibilities for American railroading hereafter. Excellent as our transportation is, compared with foreign railroading, it is still wasteful and inefficient when compared with some of our other industries.

PEOPLE'S SAYSO

To The Farmers of Rush County.

No one connected with the management of the present studies in psychology now being conducted by Dr. E. L. House in Rushville has any knowledge of the writing of these lines and he will not be to blame if the Daily Republican sees fit to print the following:

After listening carefully to the address of Sunday evening and noting the plain open manner in which Dr. House dealt with one of the most difficult subjects that has ever engaged the mind of man, my own "sub-conscious mind" awoke my "conscious mind" at midnight and caused it to wish that every young man and young woman, and middle aged man and middle aged woman in Rush County might have the privilege of attending these lectures.

Very many of us have never had the opportunity of attending college; and here is a college course brought to our very door. Certainly, "this is a very busy season of an unusually late planting time," but here is also an intellectual harvest that comes to comparatively few persons in a long lifetime. Don't imagine that his talks are for "intellectuals;"

for if one may judge the course from the address of Sunday evening, his purpose is to reveal your own dormant powers. In other words, to help you get acquainted with yourself.

You and I, my brother man, are not to blame for becoming a wheel in the great machine of human endeavor; we were placed in the position we occupy by false ideas of goodness, greatness and power. So, come and hear Dr. House. Get a new meaning of living. Try to understand who you are, why you are here, and above all learn to know your Heavenly Father.

Come! Make "Lizzy" early-double and bring the hired-man and his family along. Sincerely,
ELMER HUFFERD.

SEEK TO BRING
A WET-DRY VOTE

Liberals in The House Launch Campaign to Inject "Volsteadism" In Fall Elections

A BILL IS INTRODUCED

Object is to Compel Vote in Congress to Show Voters Where Various Candidates Stand

(By United Press)

Washington, May 19.—Liberals in the house joined hands today in a vigorous campaign to inject the wet and dry issue into this fall's elections.

Their hope is to force a vote in the house, and perhaps also in the senate on the proposition of legalizing light wines and 2.75 per cent beer see that people over the country will know just where the 1922 edition of congressional candidates stand on "Volsteadism" and can "swat" accordingly.

The fight for a wet-dry vote in the house will center around a bill introduced by Representative Hill, Maryland, Republican, giving each congressional district option this fall on the manufacture of beer and wines, to be used only in homes and taxed at 20 cents a gallon.

Petitions asking the House and Ways and Means committee to conduct early hearings on the bill and report it to the House for a vote were put in circulation among House members today by Hill and other "liberals." Hill said he was confident that from 50 to 100 members would sign the petition and either number would be sufficient in the case of an ordinary legislation to force not only committee consideration but action on the floor as well.

Hill said he estimated on basis of two million gallons of beer produced in 1914 that the tax would put on beer would yield the government \$400,000,000 a year and that another \$100,000,000 would be raised by the tax on wines.

MASONIC MEETING

Phoenix lodge No. 62 F. & A. M. will confer the E. A. degree Friday evening beginning at 7:30.

HOW'S YOUR APPETITE?

When Stomach Distresses You, Take This Advice

Indianapolis, Ind.—"For three or four years I suffered terribly with backache and pains in my stomach. Most of the time my appetite was poor. I took one bottle of Dr. Pierce's Golden Medical Discovery and soon began to improve, and by the time I had taken the fourth bottle I was well. I can now eat and work as well as ever. However, I continue to take the Golden Medical Discovery occasionally."—John K. Johnson, 2139 Martindale Ave.

You can quickly put yourself in A-1 condition by obtaining Dr. Pierce's Golden Medical Discovery in tablets or liquid, or write Dr. Pierce, president Invalids' Hotel in Buffalo, N. Y., for free medical advice.

Quick Relief for
Stomach Trouble

Money Back if Dr. Jackson's Digestive and Liver Powder Doesn't Do It. Free Sample Sent on Request.

Dr. A. L. Jackson practiced medicine in Ohio during thirty busy years. A great many of his patients were sufferers from stomach ills, and for these he evolved Dr. Jackson's Digestive and Liver Powder, using it for 30 years in his practice. Dr. Jackson's ripe experience taught him the superiority of powder over tablets, capsules and pills. The stomach does not have to digest a powder. When it reaches that organ immediate action is possible. The swift work of Dr. Jackson's Digestive and Liver Powder proves this. In cases of acute indigestion it usually brings immediate relief. Ordinary evils of indigestion—sour and gassy stomach, heartburn, bloating—are usually banished by the very first dose. If not satisfied with results after using the first box your money will be cheerfully refunded. At most druggists, 60c. Send for free sample, Jackson Medicine Company, Zanesville, Ohio.

Sold by most druggists.

IN THE WORLD OF SPORT

BROOKVILLE IS ONE OF STRONGEST

Will Provide Strong Opposition For Tail Lights in Southern Indiana League Contest

GOOD SEMI-PRO OUTFIT

Team Composed of Some of Best Players in Hamilton and Cincinnati—Schuck on Mound

Baseball fans are looking forward with interest to the game here Sunday, when the fast Brookville team hooks up with the Tail Lights. The Brookville team comes here with a reputation of being one of the strongest clubs in the circuit, but after the showing made by the locals in the last two contests, it is believed that they will be able to hold their own with the visitors.

With fair weather one of the largest crowds of the season is expected to be on hand to witness the game. Word from Brookville is to the effect that a large delegation of fans will accompany their team to this city. The locals play a return game at Brookville Sunday, May 28 and it is expected that many fans will make the trip to Franklin county.

A majority of the players on the Brookville team come from Hamilton, Ohio, and are the pick of the industrial league in that city. They have been playing a fast brand of ball since the league opened and last Sunday defeated Greenwood 5 to 4, although "Hick" Farrell held them to three hits. They have also defeated Batesville, but lost to Hope by a 5 to 4 score.

Schuck, who hails from Harrison, Ohio, is on the mound for Brookville again this year and he is said to be going good. He pitched against the Tail Lights last season and has a world of speed and curves. "Curly" Klop of Connersville is on the receiving end for Brookville and he is rated as one of the best catchers in the league. Vitt of Hamilton is holding down the first sack job and Beshier is playing at second. Andy Biltz, who played on the Rushville team several years ago and is known as a hard hitter and capable outfielder, is manager of the Brookville team and plays in the outfield. Other players are rated as the best semi-pros in Hamilton and Cincinnati.

Croddy, who pitched for Andersonville last season and who gave the locals a battle, is the second string pitcher with the Brookville club. In all it is a well balanced team and is coming here to win.

In the game at Shelbyville last Sunday, however, the local crew demonstrated their hitting ability and it is believed that they have hit their stride in this department of the game. No changes have been made in the squad and the line-up probably will be the same that started at Shelbyville. The same team has been playing together now for two games and is fast developing into a real organization.

The weather last Sunday was against the pitching and with fair weather next Sunday, it is believed that L. Snyder, the southpaw hurler for the locals, will get off to a good start. Neideffer is also in good shape for a turn in the box and if needed will be available to stop the visitors. The locals are determined to even up the league race and are out to win Sunday's game.

"POP" FOWNES STAR AT GOLF

Father of Former National Champion, Although Well Along in Years, Plays Good Game.

"Pop" H. C. Fownes of Pittsburgh, Pa., father of the former national champion, W. C. Fownes, and C. B. (Chick) Fownes, and uncle of Miss

"Pop" Fownes.

Sarah Fownes, all well-known golf players, is shown in the photograph. Although he is nearing the threescore years and ten he still can play an excellent game of golf. He is seen here at the golf course at Pinehurst.

Sport Summary

(By United Press)

New York—Runelise, 2 year old, was sold to Thomas Fortune Ryan for \$13,000 at the Speckles sales at Jamaica.

Battle Creek, Mich. —Danny Frush and Johnny Reisler, New York feather weights, have been suspended for a year in Michigan for not putting up their best efforts in a recent bout. The commission has asked other states to recognize the suspension.

Brussels —Mlle Suzanne Lenglen, European champion reached the semi-finals in the world's hard court tennis championships by taking two love sets from Mlle Alson, Belgium. The French girl may meet Miss Mary Ryan, United States in the final round.

New York —Officials entries for the intercollegiate regatta at Poughkeepsie have been received from the naval academy and the University of Washington, Cornell, Pennsylvania, Columbia and Syracuse are expected.

New York —Babe Ruth and Bob Meusel, two Yank orphans will wire Commissioner Landis Friday night for reinstatement and their official pardon is expected to arrive Saturday morning. Indications point to the largest attendance in the history of the game as Kenny Williams Ruths home run rival, will be with the opposing Browns.

New York —Two Americans, Miss M. Sherwood, New York and Mrs. Wm. A. Gavin, are entered in the British women's golf championships which start in Sandwich, England.

London —Four Americans John G. Anderson, George Dixon, Jr. Donald Parson and John D. Chapman are on the list of 252 players announced for the British amateur golf championship starting May 22, at Prestwick.

New York —Willie Hoppe, former world's champion billiard player, has rented a Broadway building and will start the first of a string of billiard parlors he plans to open in several large cities.

Baseball Notes

The Vernon club has shipped Pitcher Elmer Hill to the Beaumont club.

The Pittsburgh club sold Pitcher Lyle Bigbee outright to the Milwaukee club.

The next improvement in radio service will be to broadcast the score by innings.

The Shreveport club has given Pitcher Hick Farrel his unconditional release.

The veteran Deacon Phillippi is helping Bill Powell coach his pitchers on the Flint team.

Don't you sometimes wonder what a man with an umpire's talents does for a living in winter?

Manager Connie Mack of the Athletics has signed Bart McMellan, pitcher, of the University of Texas.

The Denver club of the Western has bought Bobby Coltrin, shortstop, from the Bloomington club of the Three-I.

The Little Rock club has released Catcher Gerald Weggs to Joplin of the Western Association to help out Gabby Street.

Rutgers College has appointed Edward Phelps, former National league catcher, to assist in coaching its baseball team.

The St. Louis Nationals released outright to Houston of the Texas league Pitcher Arthur Reinhart, a southpaw.

It didn't take Manager George Gibson long to discover that the shift in fields for Max Carey and Carson Bigbee would not do.

"Chick" Fewster, of the New York Yankees, was fined \$1 by a judge in Washington for driving an automobile without a license.

The Salt Lake team is finally fixed up behind the bat, Butch Byler, who has been holding out, making up his mind to rejoin the team.

Manager Bill Killefer of the Cubs decided to keep Barney Friberg for awhile and sent Infielder Benny Viveiros to Los Angeles instead.

The Rochester Internationals and Sacramento Coasters have made a deal by which Rochester gets the recalcitrant Harry Lunte, infielder.

CHRISTY MATHEWSON GAINING IN HEALTH DAILY AT SARANAC LAKE

"Big Six" as He Appeared in Pitching for the New York Giants.

Christy Mathewson, formerly star twirler of the New York Giants, is improving in health daily at Saranac Lake and sees his ultimate recovery within a short time. The lapses which he has suffered have not dimmed his optimism or shaken his resolve to "come back." This is the substance of a message which "Big Six" delivered to George Wiltse, his roommate in the days when they were both shining lights on the New York team.

In the first personal interview that "Matty" has given since he was sent into virtual exile by his physician, the old war horse said: "I am really feeling fine now. I am gaining in strength every day." Christy looks well and speaks in a strong voice, considering the terrible siege he has undergone.

ORIENTALS TAKE UP BOXING

One of Big Chinese Colleges Engages British Instructor to Teach "Manly Art."

China is progressing athletically, as well as in other ways, boxing now being taken up quite generally throughout the new republic.

One of the biggest colleges there has engaged a British instructor in the "manly art," while some of the clubs have also taken up the boxing game.

At a recent college meet there a number of bouts were put on and several of the Orientals showed considerable promise.

FOUR CAPTAINS IN LINE-UP

Leaders of Hockey, Basketball and Football Are Among Members of Baseball Team.

On the Harvard baseball nine are four varsity captains, and all of them were members of the first football squad last year.

Arthur Conlon is captain of the nine. George Owens, who plays first base, leads this winter's hockey team, and Lou Gordon, captain of the basketball team, plays right field. Charley Buell, captain-elect of the football team, is a substitute for second base.

Philadelphia to Have School of Umpires

The Philadelphia Baseball association announces it conducts a school of umpires to assure uniformity in enforcing rules, not alone concerning national regulations governing the sport, but in regard to the various grounds on which the many local twilight contests are to be played. More than 125 "pupils" already are enrolled.

And Few Really Enjoy It.

"Even a dictionary can't tell you everything," said Uncle Eben. "Contentment is a word of three syllables, but dar ain' nobody I ever saw dat knows exactly whut it means."

RALSTON SPENT \$2,063

Indianapolis, May 19—Samuel M. Ralston, former governor, spent \$2,063 in winning the democratic senatorial nomination in the primary election, according to his expense account filed with the county clerk. The expenditures were apportioned as follows: Printing and publicity \$945.57; stationery supplies and postage, \$664.74; organization, \$308.40 and stenographic and clerical forces, \$114.30.

DYE ANY GARMENT OR DRAPERY WITH "DIAMOND DYES"

Buy "Diamond Dyes" and follow the simple directions in every package. Don't wonder whether you can dye or tint successfully, because perfect home dyeing is guaranteed with Diamond Dyes even if you have never dyed before. Worn, faded dresses, skirts, waists, coats, sweaters, stockings, draperies, hangings, everything, become like new again. Just tell your druggist whether the material you wish to dye is wool or silk, or whether it is linen, cotton, or mixed goods. Diamond Dyes never streak, spot, fade, or run.

Where Economy Is Yours

You can "hold off" that new suit that costs so much now by having your old one made like new. For the difference in service and at the same price of the ordinary cleaner you will show good judgment in having us do your cleaning. That's where you show economy. Here is where you get it.

Mrs. Earl H. Payne will entertain the Tri Kappa sorority at the regular meeting Monday evening at her home in North Main street.

* * *

Mr. and Mrs. John Newman have announced the engagement of their daughter Helen Newman, to Richard G. Murphree, formerly of Vermillion, South Dakota, the wedding to take place in this city Saturday.

* * *

At the card party given Thursday evening at the St. Mary's hall by the young ladies of the St. Mary's Catholic church, eighteen tables of cards were in session. Euchre was the amusement for the evening. Dainty refreshments were served by the hostesses.

* * *

Miss Leonora Norris was hostess to twenty-five members and guests for the May meeting of the Rushville chapter of the D. A. R. Thursday afternoon. An interesting report of the year's work of the Woman's Council was given by the chapter's representative, Mrs. Sarah Giffin.

Plans were made for the completion and erection of the bronze tablet in memory of all revolutionary soldiers buried in Rush county, to be placed in the court house corridor during the week of the centennial celebration, June 14.

During the business session the following officers were elected for the ensuing year: Regent, Mrs. Bertha C. Logan; vice-regent, Mrs. Anna Elizabeth Amos; recording secretary, Miss Elizabeth Hackleman; corresponding secretary, Mrs. Lena Poe Warner; treasurer, Mrs. Martha Grindle; registrar, Mrs. May Logan; historian, Mrs. Frances F. O'neal; chaplain, Mrs. Sarah Giffin; publicity chairman, Miss Emma Casady.

The program for the afternoon was very interesting and included the following talks and literary program: the president general's message in the April magazine was read by Mrs. Lillie Winship; reading "The Name of Old Glory," Miss Margaret Winship. The paper on "Patriotic Songs" read by Mrs. Jennie VanOsdol, was very interesting. Among the many patriotic songs "Yankee Doodle" is the oldest, it being one hundred and fifty years old, she stated. The song was composed by a British officer in contempt of America. There are sixteen different versions of the song.

The closing number of the program was given by Miss Sarah I. McConnell, musical director in the public schools, and the young girls glee club, composed of Margaret Giffin, Rowena Kennedy, Lois Ethel Steffy, Mary Louise Innis, Marian Lucas and Emily Mauzy.

The hostess was assisted in entertaining by Mrs. Mason Hosier, Mrs. Sarah C. Moore, Mrs. Jennie VanOsdol and Mrs. Frances Payne.

VICTORY SCARE TO THE OLD GUARD

Continued from Page One

Senator Borah declared it "the most radical revolution in American political for many years and it is exceedingly encouraging." He also stated the victory was an unmistakable commendation of the primary, adding that without it, "Pinchot would not have had any more show than I would have of being king of England."

Cordell Hull, chairman of the Democratic national committee, declared Republican party organizations in Pennsylvania and Indiana had been destroyed.

DALTON JURY DISAGREES

Chicago, May 19.—The second jury to sit in judgment upon Wm. Dalton, 17, who walked out of the Northern Trust Company with a huge bundle of liberty bonds, disagreed and was discharged today. The jury stood 11 to 1 for acquittal. Prosecutors will ask another trial.

COUNTRY GROCERY MEETS ITS DOOM

State Board of Health Will Exhibit Its Model Grocery Store at Health Exposition May 19-27

TO PRESENT SHARP CONTRAST

Indianapolis, Ind., May 19.—Insane, feeble minded and epileptic classes in Indiana cost last year the enormous sum of \$6,000,000 Governor Warren T. McCray said in a speech today opening the Indiana health exposition at the state fair-ground.

"Most of this sum could have been saved if the race had been kept pure and the blood had not been contaminated by sin and accessions which could have been prevented," he said.

The exposition ends Saturday, May 27.

Indianapolis, Ind., May 19.—The country store with its cannon stove, sawdust spit box and open prune barrel is doomed.

"Cross roads forums and checker tournaments will be forced to acclimate themselves to closed food containers and dustless counters if the state board of health succeeds in establishing its model grocery store, which will be exhibited at the Indiana Health Exposition at the state fair grounds May 19 to 27, Dr. J. N. Hurty, secretary said today.

The typical old style of Indiana country store with all of its trimmings will be set up in sharp contrast to another of the modern and sanitary type advocated by the Indiana Wholesale Grocers' association.

The open well with bucket and rope is another relic which will be attacked by the board at the exposition at its laboratory exhibition.

A traveling milk laboratory will acquaint the public with friendly and unfriendly bacteria while explaining methods of city milk survey will also be exhibited.

THREE THINGS IN BUILDING OF FACE

Continued from Page One

of the body, and these leave a delicate impression upon the face in front, until after awhile, it reveals the work of the sculptor within. We can build a face just as we can build a body, a mind, a will.

"Three things enter into face building: eating, sleeping and suggestion. We must be more careful of our diet, we must go to bed earlier, and we must hold over the ugly duckling the suggestion that a homely face, through strong thinking and good living can be changed into a face of power. Homely babies can make good looking men. Of course there are exceptions to the rule, but the rule stands good. It is true that the face will after a while drop its mask and what is behind it will out."

A large audience listened to Dr. House lecture this afternoon as he spoke on "Turning to the Infinite," taking an illustration of the four strings of a violin, G, D, A, and E, he showed that each one of these strings is capable of producing three notes of great importance in the musical world.

He said: "Man has in him these

GUFFIN'S

OFFICER LOST A LOT OF TIME OFF HIS BEAT

Haley Declares He Suffered From Serious Stomach Trouble and Rheumatism But Tanlac Made Him Able to Brave Worst Weather.

"I'm always telling my comrades what Tanlac did for me," said Patrick Haley, well-known police officer, 1023 S. Ninth St., Terre Haute, Ind.

"For five years there was scarcely a day my stomach did not trouble me. My food seemed to lie like lead in my stomach and I had cramps that nearly drew me double. I was also troubled with sluggish liver, constipation and severe headaches. I got so dizzy I just keeled over. I had the flu which left me very weak then muscular rheumatism set in and I couldn't work regularly.

"I decided to see what Tanlac would do for me, and five bottles put me back on the beat feeling fine even in the worst weather. Indigestion is a thing of the past and the rheumatism has disappeared too. Tanlac is simply great for troubles like I had."

Tanlac is sold by all good druggists.—Advertisement.

same four great strings, and each one of these strings is capable of producing three notes which if tuned to their object of life, makes man great. The G string stands for God, and the three notes are Father, Son and Holy Spirit. The D string stands for Deny, Determine and Declare. Man must resist the power of evil, he must use his will in making the light, and he must declare for truth. The A string stands for Attainment, Abandonment and Action. To be attuned in eyesight means joy. To be out of tune in any bodily function was to be miserable. We must abandon sin, because the greater part of our sickness comes from it. We must act up to the light we have, for to do so, is to get more light. The E string stands for Embodiment, Enlargement and Enjoyment.

"What we embody in our mind we get in our lives. Therefore we should embody the good, not evil; health, not disease. We should get beyond the enlargement of the dollar. Enlarge toward character, toward God, toward man, for this saves in the end. We are made to enjoy life, and God wants us to be happy. True Christianity is not of the fettered kind, not the "cabin" kind, but the wholesome sweet and joyful kind. If we live the true Christianity we will make it attractive."

SUIT FOR MILLION DAMAGES

Charleston, W. Va., May 19.—Suit for one million dollars today was brought in federal court against the United Mine Workers of America by the Willis Branch Coal Company for the alleged moving of the company's holdings in the Fayette Fields more than two years ago. Attorneys for the company said they would institute proceedings for the attachment of property owned by the United Mine Workers in Charleston and Veckley valued at \$150,000.

ordered his men to stay away from the factories except in line of duty.

Why Are Some Women Popular,

happy, beloved and successful, while others drag out a negative existence, of no use to themselves or anyone else? Except in a few cases the answer is to be found in a state of freedom from the troubles known as "female." The well woman radiates cheerfulness and serenity, while the ailing one repels because of her lack of these qualities. It is not necessary, however, to harbor aches and pains, and the "blues" that make one a detriment to society. The use of Lydia E. Pinkham's Vegetable Compound has brought relief to such women, and given them a new lease on life.—Advertisement.

WARNING AGAINST POLLUTED RIVERS

John Diggs, Sanitary Engineer, Cautions Vacationists About Swimming in Big Rivers

DIVE IN SMALL STREAMS

Say Only Three Big Rivers in State Are Free From Sewage, Empty From Large Cities

(By United Press)

Indianapolis, Ind., May 19.—If you're going in swimming this summer dive into the little streams.

Find an old swimming hole that is in a rapid stream which has few large cities on its headwaters.

There are three big rivers in Indiana that are safe all the way along their course. They are the Tippecanoe, Kankakee and the Patoka. When you go on your vacation hunt them out; the other big ones are dangerous in some places.

This advice was laid down to the Indiana vacationists by John C. Diggs, Sanitary engineer for the state department of conservation when he pointed out the danger of swimming in streams polluted with sewage.

Diggs said bathing in White River for instance as far south of Indianapolis as Spencer—over fifty miles away—was fraught with some danger. North of Indianapolis White River is polluted by the cities of Noblesville, Anderson, Muncie and Winchester.

According to the tests made by Diggs, White River appears to be the most badly polluted stream, judging from the urban population residing along its banks, from which sewage is carried away. However, in some places it is comparatively clean. It is comparatively free from dangerous water at Muncie, Columbus and at the mouth of the east fork. It contains the most sewage near the border of Monroe County.

According to Diggs, the Maumee river at the state line contains a great amount of impurities. The Wabash is nearly as bad as the White river in some places, he said. "The conditions of the streams vary at different times and it is hard to determine accurately the extent to which the stream is polluted," he said.

"The division of engineering of the state department of conservation during the last few months has been enabled to bring about a reduction in the sewage load in the streams at several points in the state."

"There is considerable waste in the streams from factory by-products and the process of recovery is slow, for each waste requires a different treatment, and usually demands an investigation."

The wastes encountered in working with Indiana industries are: canning industry, gas and coke, milk plants, meat packing and rendering plants, straw board and paper mills, oil wastes from wells, roads and creosoting plants, metal working industries, and mine waters, distilleries, leather industries and chemical work.

TO SHIP FREIGHT TO EUROPE IN A WEEK

Special Train Pulled Out of Chicago For New York With Orders To Reach There Before Saturday

FIVE DAYS FOR OCEAN TRIP

(By United Press)

Chicago, May 19.—Freight shipment from Chicago to Europe in a week was the object of a special train which pulled out for New York at 1:30 a. m. today.

The train was given a clear track on the New York Central with orders to reach New York before 11 a. m. Saturday for loading of the shipment on board the Majestic world's largest liner. The ocean trip is expected to take five days. The train composed of forty cars loaded with products of Morris and Company, packers, was arranged by the Chicago Association of Commerce in an effort to overcome difficulties of sale of Chicago and Midwest manufactured goods over sea.

Ordinary time for freight shipment from Chicago to England is three to four weeks.

COUNTY NEWS

Arlington and Vicinity

Dr. and Mrs. A. G. Shauack have gone to Cincinnati, Ohio, for a week's vacation. The doctor is suffering with blood poisoning in one hand and is unable to practice.

Mr. and Mrs. Cecil Collins, Ezra Collins and Mrs. Moffett of Knights-town motored here Sunday and visited Mrs. Collin's uncle, D. M. Pressnall and family.

Mrs. Sullivan and daughter Helen of Cincinnati visited Mrs. Anna Riden and family last week while enroute to California, where they will make their future home.

Mrs. Mahala Edwards has returned home from a visit with her brother near Rushville.

Mr. and Mrs. Sam Bogue and daughter visited Mr. Bogue's parents in Arlington Sunday.

Mrs. Amanda Linville has returned to the home of her son-in-law in Indianapolis after a week's visit in this vicinity.

L. H. Macy and E. C. Macy made a business trip to Indianapolis Thursday.

James Cross is improving after a serious illness of heart trouble.

The public meeting of the Woman's Missionary Society of the M. E. church was well attended Wednesday night and the program was enjoyed. The society will give the program at Pleasant Ridge M. E. church week from Sunday night.

Plum Creek

There were one hundred and twenty-one in attendance at Sunday School Sunday.

About seventy-five from this vicinity attended church services at Ben Davis Creek church Sunday eve.

The Plum Creek congregation is invited to meet at the Glenwood Christian church next Sunday evening and enjoy the services with the Glenwood people.

Mr. and Mrs. Homer Hall entertained at dinner Sunday Mr. and Mrs. Donald Kiser and daughter Ruth, Mr. and Mrs. Elbert Gordon and daughter Luadah, Mr. and Mrs. William Meyer and children Walter, Martha May and Mr. and Mrs. Kanerda Jones and daughters Maxine and Pauline.

Mr. and Mrs. Aaron Kennedy and daughter Helen were Sunday guests of Mr. and Mrs. Frank Logan.

Mr. and Mrs. Harry McMillan and children motored to Liberty, Indiana, Sunday where they visited relatives.

Mr. and Mrs. Clifton Jarrett and children spent Sunday with Mr. and Mrs. James Leonard.

Mrs. Martha Gordon entertained at dinner Sunday Mr. and Mrs. Wm. Hall and Mr. and Mrs. Luther Nixon and children.

Mr. and Mrs. George Billings and children motored to Indianapolis Tuesday where they visited John E. Smith at his home here.

If Kidneys Ache or Bladder's Weak

Take Roots and Herbs to Flush Kidneys and Wash Out Irritating Acids

If your kidneys hurt or bladder bothers drink lots of water and remember these weaknesses result from uric acid. It is the duty of the kidneys to remove waste material from the system; if they become overworked and sluggish they fail in their efforts to filter and strain all the waste poisons from your blood. Practically all rheumatism, back ache, dizziness, constipation, sleeplessness and bladder weakness come from clogged kidneys.

To have strong, healthy kidneys, capable of easily and normally filtering from your blood 500 grains of Toxins (Poisons), which they should do every 24 hours, you simply must keep them clean and active and the acids neutralized so that your kidney and bladder troubles will be ended. Then you can forget you have a set of kidneys or a bladder. Just a natural stimulant is necessary. Simply get a bottle of Dr. Carey's PRESCRIPTION NO. 777 (Tablets or Liquid) made from harmless roots, herbs and leaves and take right after eating. You will be delighted with the results it will bring. All good druggists can supply you.—Advertisement.

The Antenna.

The Tuner.

RADIO

HOW AMATEUR CAN BUILD A RECEIVER

Instructions for Setting Up the Antenna and for Assembling the Tuner.

In order to pick up sufficient energy with the simple radio receiving set it is necessary to connect one terminal to an antenna consisting of one or more wires suspended in the air and insulated from all grounded material and the other terminal to a ground, usually the water supply pipe. The height of an antenna used with a small receiver should not be less than 30 feet. As the received energy varies directly as the height of an antenna, the higher the antenna the louder will be the signals or voice produced. The length of an antenna for short wave reception should not be less than 50 feet nor should it be longer than 200 feet. The minimum wave length to which a simple receiver can be adjusted for electrical resonance will be above that used by amateurs if the receiver be connected to an antenna 200 feet or more in length.

A simple radiophone receiver capable of picking up radiophone stations similar to KDKA at East Pittsburgh, can be assembled by a novice for from \$4 to \$15, depending upon the builder's ability to use his hands. If the builder will construct most of his apparatus he will appreciate it much more and probably will understand more about its operation than if he buys a set already made. However, for those who have not the ability or the time to spend constructing their own apparatus the following description will not only give the details as to the construction of each component part of a receiver but also what standard ready-made parts can be purchased and used in its stead.

The material can be purchased at any electrical supply store.

In erecting a simple antenna for use with the receiver shown in the diagram, the antenna proper and the lead-in are of stranded hard-drawn copper wire, strand No. 22, costing about 1 cent per foot. The two insulators are of molded material and can be purchased for about 25 cents each. The antenna shown is supported between a house and a pole. It may be found more convenient to support it between a tree and a house, two houses or even between two chimneys on the same house. In bringing down the lead-in care should be taken that it is kept as far away from grounded material as possible and when bringing through the wall or under the window into the house it should be brought through some sort of an insulating tube, such as rubber or bakelite.

In making the ground connection the same kind of wire can be used as was purchased for the antenna. You can clean a section of the waterpipe thoroughly and solder the ground wire to it.

MAKING THE TUNER

To make a tuner for this receiver, the following raw material will be required:

- 1 Piece of cardboard tubing three inches outside diameter and five inches long, costing about 10 cents.
- 100 feet No. 22 double cotton-covered magnet wire costing 25 cents.
- Standard slider (see sketch) for ¼ by ¼ brass rod, 40 cents.
- 1 six-inch length of ¼ by ¼ brass rod (square) 20 cents.
- 2 binding posts (see sketch) 20 cents.
- 2 circular blocks of wood whose diameter is just equal to the inside diameter of the piece of cardboard tubing and between 3-8 and 1-2 inch thick.
- Some shellac or varnish is also required.

Starting one-half inch from one end of the cardboard tube wind on the No. 22 D. C. C. wire within one-half inch of the other end of the tube. Fasten one end of the winding to the tube but allow some surplus wire on the other end for making a connection. After the winding is in place give it a coat of shellac or varnish to hold the turns in place. Assemble the circular-cut pieces of wood in the geometrical center of the square blocks and then shellac or varnish them for the appearance's sake.

When thoroughly dry slip the two end blocks into the wound tube and by means of a few finishing brads driven through the cardboard tube, fasten the end blocks to the wound tube. The slider is to be mounted on top of the coil and should be capable of making contact with any turn of the wire on the tube. In order to remove the insulation from the wire just under the rod where the slider moves back and forth, wrap a piece of sandpaper around a thin piece of wood as a guide, sandpaper the insulation from the winding. Drill a hole one-eighth inch in diameter through the slider rod about one-fourth inch in from each end so that the rod can be fastened by screws to the end blocks. After the slider rod is fastened in place see that the contact finger on the bottom of the slider can at all times make good contact with the winding. Mount a binding post on either end of the coil, attaching one by means of a wire to the slider rod and the other to the end of the wire wound on the tube and the tuner is complete. A tuner can be purchased already assembled for about \$3.50 to \$4.00.

LINKING MOVIE AND RADIO

British Scientists Have Some Success in Wireless Transmission of Motion Pictures.

British scientists are reported to have met with more or less success in developing a method of transferring motion pictures by radio. Some months ago a photograph was transferred by wireless from the Copenhagen newspaper, the Politiken, to England, and later from England to a ship in mid Atlantic, so that the possibility of linking the movies with the new art is not remote.

If perfected the new development of the already versatile art will make it possible for one to see on his own receiving instrument things that are happening at a great distance. For instance, a ship is sinking at sea. The transmitting station of the vessel, instead of sending a message of the disaster, sends a picture that anyone with a receiving set will be able to see just as the present broadcasting programs are heard.

That all sounds remote now, but the telephone was considered even more so, and the wireless, even after Marconi's immortal message had bridged the Atlantic, was generally believed to be akin to the idea of perpetual motion.

TIPS TO THE RADIOIST

A crystal detector cannot be satisfactorily amplified.

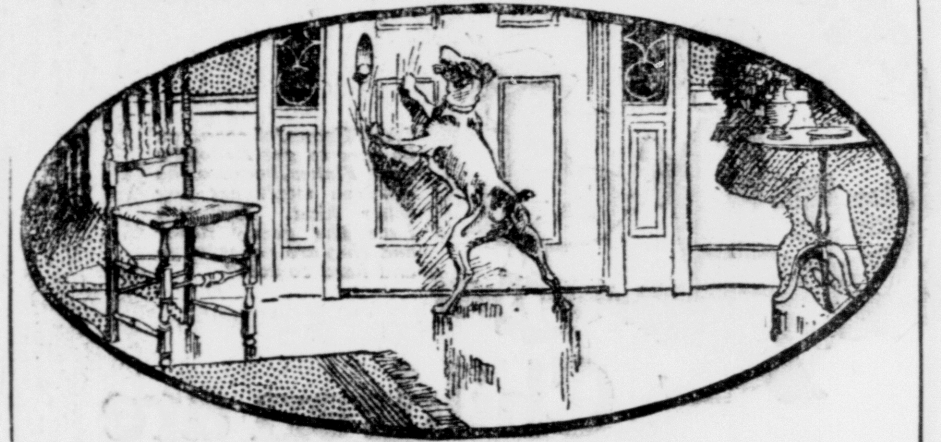

Insulate ends of aerial wires with several small insulators. Wherever possible run aerial wires at right angles to electric light wires.

The lead wire should be the size of the combined number of wires in the aerial.

Gas piping makes a poor ground, but the cold water pipe ground is excellent.

A crystal detector is never as efficient as a vacuum tube detector no matter what instruments are connected to it.

Within three to five miles from a broadcasting station indoors one wire aerials about 40 feet long stretched from room to room, are generally satisfactory with crystal detectors.

And if it isn't the dog it's something else

THE doors, woodwork, floors and furniture are constantly having their finish scratched and marred. You can't help it. And it's surprising how little it takes to detract from the beauty of your home.

But most of that beauty is surface deep and is astonishingly easy to restore. All you need is a can of Tufcote and a brush.

Tufcote—the Du Pont Household Varnish Stain—dries over night and can be applied easily by anyone. It stains and varnishes in one operation. Dries quickly and gives a beautiful finish—and the finish lasts.

We sell it in six beautiful wood colors. Stop in and try a can.

LACK OF KNOWLEDGE IN SPELLING SHOWN

Nineteen Out of 20 Words Were
Misspelled by Pupils in Achievement
Tests in State

NONE OF THEM ARE DIFFICULT

Indianapolis, May 19.—A vast majority of the pupils of the public schools of Indiana up to and including the eighth grade displayed a surprising lack of knowledge of spelling in achievement tests recently given throughout the state.

Nineteen out of 20 words, none of which are difficult, were misspelled by hundreds of pupils, according to reports reaching the state board of education.

"It is time that instructors in every grade in the public schools of Indiana were required to devote at least fifteen minutes to spelling every day during the school year," is the way one Kosciusko county instructor sizes up the situation.

The list of words given to the pupils in the achievement test the manuscripts of which are now being corrected follows: acquire, original, disease, annual, association, excellent, completely, disappoint, attendance, familiar, extension, inferior, merely, necessary, merit, cordial, probably, quantity, sense and planned.

Chicago — "I can't make good political speeches, but I am a Hell of a good preacher," Lady Astor told a Salvation Army meeting here.

AMUSEMENTS

Ann Little in "Silent Shelby"

The program for this evening at the Mystic theatre offers a variety of subjects. First there is Frank Borzage and Ann Little in "Silent Shelby." The play is described as a rip-snortin' western.

You will remember Frank Borzage as the director of "Humoresque." It will be more than interesting to watch this inimitable director in this western picture. In addition to playing the stellar male role, Mr. Borzage also directed the production.

Ann Little is charmingly cast as the heroine, and the two make a most enjoyable combination.

The story is that of Silent Shelby, a slow moving young westerner, quick on the draw and alert to every danger. His rescue of the girl he loves is said to be a riot of western thrills and suspense.

Big Program at Princess

A big program is to be given for the patrons at the Princess this week-end, with two acts of vaudeville, a feature picture a Mack-Sennett comedy. This show will be given at all the performances today and Saturday.

"Second Hand Rose," the popular song sensation, has become "Second Hand Rose," the popular picture sensation.

For Gladys Walton's latest Universal starring vehicle at the Princess Theatre has a new kick. It enters a new field for material and the result is unique.

If there ever was a song character more pathetically lovable than "Second Hand Rose," it would be hard to name it.

The poor little girl had everything second hand. Nothing came to her new, clothes, troubles or a husband. But "Second Hand Rose" hardly needs description to the millions who have heard and sung the piece, and the story is just what you expect it to be. It's the "Second avenue hymn" visualized with the heroine a little Irish waif in a Jewish family.

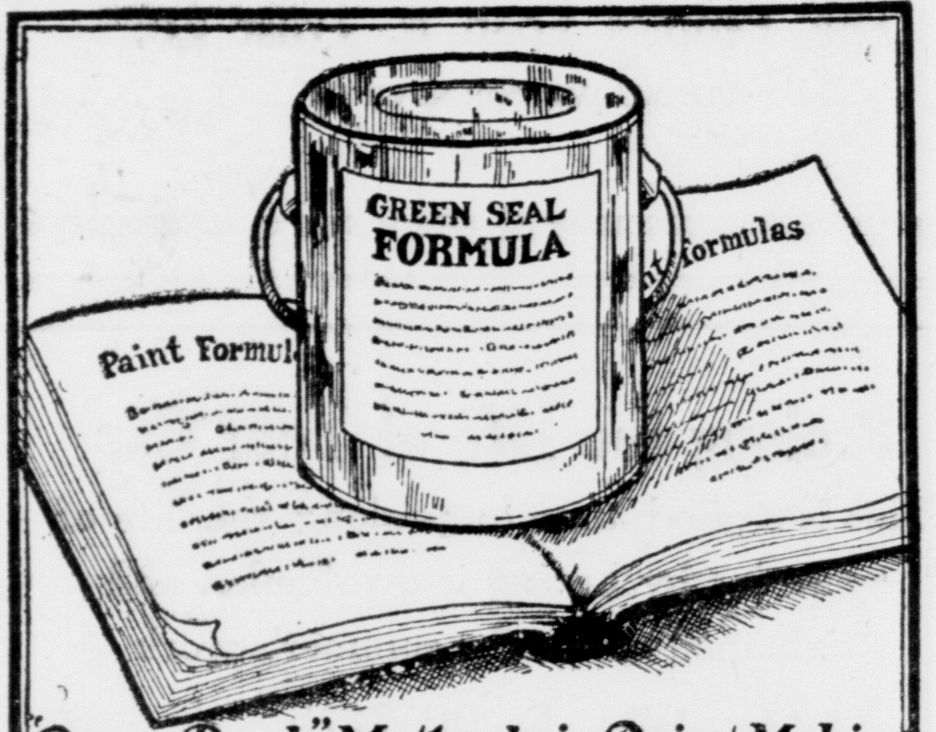

Jack Dougherty and Edward Sutherland handle the chief masculine parts commendably, while Walter Perry, Max Davidson, Grace Marvin, Wade Boeteler, Virginia Adair, Geo. B. Williams, Alyce Belcher, Bennett Southland, Camilla Clark and Marion Faducha complete the cast.

I STILL SAY IT IS A PLEASURE

to mow your lawn if your mower runs easy and cuts, but it is anything but a pleasure if it slips and slides and don't work good.

LOST!

250 Pimples, 736 Blackheads and 3 Boils!

Found—that glorious feeling that comes with a clear, pure, ruddy complexion.

No reward is offered, because they are lost forever! No question will be asked, except one question. "How did you lose them?" There is but one answer—"I cut out new fad treatments and guesswork; I used one of the most powerful blood-cleansers, blood-purifiers and flesh-builders known, and that is S. S. S. Now my face is pinkish, my skin clear as a rose, my cheeks are filled out and my rheumatism, too, is gone!" This will be your experience, too, if you try S. S. S. It is guaranteed to be purely vegetable in all its remarkably effective medicinal ingredients. S. S. S. means a new history for you from now on! S. S. S. is sold at all drug stores in two sizes. The larger size is the more economical.

MERRY-GO-ROUND

"No, sah, ah don't neber ride on dem things," said an old colored lady, looking in on the merry-go-round. "Why, de other day I seen dat Rastus Johnson git on an' ride as much as a dollah's worth an' git off at de very same place he got on at, an' I sez to him, 'Rastus,' I sez, 'yo' spent yo' money, but whar yo' been?'"

Isn't that the way we all feel when we have spent money foolishly that we may have spent wisely, or saved to spend for good things in the future?

LA FOLLETTE HAS HOT FIGHT AHEAD

U. S. Senator For Three Terms From Wisconsin Will Meet His Stiffest Opposition in Primary

RACE IS IN SEPTEMBER

Anti-La Follette Republicans Are Now Launched and Will Attempt to Defeat Him

By HERBERT W. LITTLE
(U. P. Staff Correspondent)

Madison, Wis., May 19—"Bob" La Follette, U. S. Senator for three terms and Republican leader since his election as Governor in 1900, has a fight on his hands this summer and fall.

Sentiment in the state capital; is strong that La Follette cannot be beaten, either in the primary or election.

But the "anti-La Follette" Republicans will fight him bitterly clean to the finish. They will also fight every La Follette candidate down the line.

Every candidate of the LaFollette organization now, in power in the state administration, will have an avowed anti-La Follette opponent, and the fight this summer promises to be the fiercest that Wisconsin, always a hotbed of politics, ever saw.

The "sane progressives" as the anti-LaFollette organization dubs its members, will nominate a full slate of candidates, including state officers and senator, at a state convention in Milwaukee, June 1, called by the Committee of Forty-Four.

William J. Morgan, now attorney general, who entered politics as a "dark horse" in the last campaign, is the outstanding candidate for governor among the anti-La Folletteites, and will probably be nominated to oppose Governor John P. Blaine, who is a La Follette partisan, in his fight for the Republican nomination at the primaries.

Results of the Republican primary usually mean election, as neither Democrats nor Socialists for years have mustered strength enough to defeat the Republicans at the polls. The Non-Partisan League, with a large membership of farmers has elected to influence elections by throwing its voting strength to one faction or the other of the Republican party.

The powerful La Follette organization, has already announced a full state ticket. Governor Blaine and Lieutenant Governor George Comings will be candidates for re-election. Fred Zimmerman, a Milwaukee lawyer, for secretary of state, Herman Ekern, prominent La Follette leader for attorney general, and Solomon Levitan, Madison banker, for state treasurer, complete the ticket. Elmer S. Hall, present secretary of state, will be a La Follette candidate for Congress from the ninth district, but other congressmen have little opposition to re-nomination.

Campaigning will be fierce beginning next month, through the summer up to the September primary. Senator La Follette will return to the Badger state to watch his popularity and oratory against the opponents he calls "reactionaries." Senator Irvine L. Lemroot, elected by LaFollette's opponents, will also return to take up the gage of

battle, although his term does not expire until 1926.

The search for an opponent is being pursued unabated, but so far no opponent for La Follette has been selected. Campaign issues are not wanting, however. Here the Blaine-La Follette partisans have taken the offensive. Governor Blaine called a special session of the legislature late in March, for the purpose of repealing the secrecy clause of the state income tax law, and the solons refused to pass the bill. The governor is now demanding the return of a legislature which will throw open the state tax returns.

The Newberry case, over which Senator La Follette bolted his party will receive much attention. Blaine at Fond du Lac recently declared that "Newberry's gold was being used against La Follette, the same as it was against Ford."

A recent speech by Kate Richards O'Hare, St. Louis Socialist campaigner, who served 14 months of a five year federal sentence for obstructing the draft, in the state capital here, has been the subject of much editorializing by the anti La Follette papers on account of the fact that Governor Blaine refused to intervene when American Legion members demanded that he rescind the permission to use the state house. This is being used in conjunction with accusations against La Follette's war record.

The stands to be taken by the Non-Partisan League and the Socialists, both strong voting units, have not yet been announced, but their support is apt to throw the nomination, and consequently, the election, to either side, as far as the state offices are concerned. The N. P. L. supported Blaine when he was first elected two years ago, but rumors of a change in attitude have followed the appointment, last week of C. Platt, former New York State news-

paperman, as state manager. Blaine has been under fire from his own

organization on account of several other appointments.

COME IN AND GET YOUR TIRE

We are certainly putting on Tires these days. It looks now like we are going to sell more tires in May than we did in April, and we sure did put them out in April.

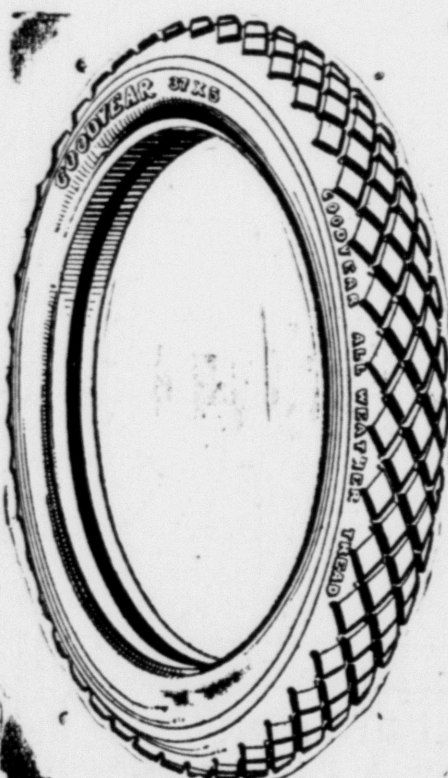

Do you want to know why? Well, we will tell you.

This year people want the best that they can buy with the money that they have to invest and that is just exactly what we have in

GOODYEAR TIRES AND TUBES

We have tried about all of them—the ones that are cheap and the ones that are supposed to be cheap, and have settled it in our mind, beyond all doubt, that the greatest tire value today is found in GOODYEAR.

We can fit you out whether you drive a motorcycle or a ten-ton truck.

CELEBRATES HER 102ND BIRTHDAY

Mrs. Minerva Thompson is an Aunt of J. H. Frazee, Mrs. L. M. Clark and Mrs. Elmer Humes

FORMERLY OF RUSH COUNTY

Waldron Woman Recalls Walking to Rushville as Young Woman to Sell Eggs at 5 Cents a Dozen

Mrs. Minerva Thompson, formerly a resident of this county and an aunt of Mrs. Lewis M. Clark, Mrs. Elmer Humes and John H. Frazee of this city, celebrated her one hundred and second birthday anniversary at her home in Waldron, Thursday.

The celebration was attended by Mr. and Mrs. John H. Frazee, Mrs. Howard Carmichael and Mrs. Charles Offutt of this city.

Mrs. Thompson was a daughter of James and Drusilla Burns and was born in Lewis county, Kentucky, May 18, 1820. At the age of nine her parents moved from Kentucky to Rush county, Indiana. She was married in 1845 to Alfred Gregg Thompson, and in 1851 Mr. and Mrs. Thompson moved to Shelby county, settling on a farm near Waldron. They lived on the farm until 1890 when Mr. Thompson died.

Mrs. Thompson was one of a family of twelve children. A sparkle comes to her eye even now when she recalls the happy times the family had in their own home, and in the early community life. She was the mother of seven children, only two of whom are now living. The children are Miss Anna Thompson, who lives with her mother, and Mrs. Andrew J. Ensminger of Shelbyville. Living with her is her sister, Mrs. Laniel Cummins, who is ninety-eight years old, and as active and cheerful as a woman thirty years younger. Miss Anna Thompson, a daughter of Mrs. Thompson, also lives with the two older women at Waldron.

Mrs. Thompson is now in ill health and for the last few weeks has been unable to leave her home. She retains her clearness of mind, and is interested in the happenings in her home and the village where she has lived for years. She enjoys the visits of her friends and neighbors to her cottage.

Until recently Mrs. Thompson had been able to walk about her house, and in the yard when the weather permitted. She has lived through the administrations of twenty-seven Presidents of the United States and remembers many events of interest, which occurred during her long life. Mrs. Thompson was twenty years

LEGION POSTS IN DISTRICT MEETING

Rush Post of This City Not Represented, But Delegations From Mays and Carthage Attend

STATE COMMANDER SPEAKER

Representatives from the Sixth District posts of the American Legion, together with their auxiliaries, held a convention Thursday in Greenfield, when several hundred former soldiers were present. Rush post 150 was not represented, but the Carthage and Mays posts had large delegations at the meeting.

Among the speakers were Claude Gregg of Vincennes, state commander; Judge Raymond Springer of Comersville, past commander; the Rev. C. R. Martin of Liberty, state chaplain; Mrs. Edna Barens, president of the Woman's Auxiliary, Indianapolis; Miss Pauline Kernie of Indianapolis and Walter Myers an Indianapolis attorney.

Dr. George N. Hunt, district chairman presided at the business sessions and a round table discussion was held by the auxiliary members at their meeting in the afternoon.

After the business session, the guests were taken on a sight seeing trip of Greenfield, and visit was made to the birth place of James Whitcomb Riley, the Hoosier poet.

MEMORIAL SERVICES HELD

Grand Lodge of I. O. O. F. Honors Memory of Edwin Farrer

Memorial services for Edwin Farrer, ex-assistant grand secretary of the Indiana grand lodge of Odd Fellows, were held in Indianapolis Thursday at the semi-annual communication of the order. The Rushville lodge was represented at the meeting. Mr. Farrer, who died several months ago, was until a few years preceding his death, a resident of Rushville and a very active member of the Odd Fellows lodge. Tribute was paid to the memory of several other deceased grand officers at the memorial services.

Nominations for grand officers were made at the closing session yesterday and the election will not be held until the November communication.

PLAN CAMPAIGN ON STATE ISSUES

Indiana Democratic Committee Decides to Shove Aside National Issues at Meeting Today

CHAMBERS STATE CHAIRMAN

Platform Will Call For Revision of Tax Law and Efficiency and Economy in State Business

(By United Press)
Indianapolis, Ind., May 19.—Democrats of Indiana will go into the November election on a platform composed almost entirely of state issues.

National questions will be shoved aside, it was tentatively decided today at a reorganization meeting of the new state committee at which Walter Chambers of Newcastle, a newspaper publisher, was elected state chairman.

Some of the planks in the platform will call for revision of the tax law, economy and efficiency in the state administration, establishment of the state highway commission on a non-political basis and appointment of a public service commission "who work for business interests rather than for a high salary with utilities when they leave public service."

Chambers and other officers of the committee were elected by acclamation. Miss Gertrude Fanning McHugh of Indianapolis, was named secretary.

Other officers elected follow: Vice-chairman, Mrs. A. T. Flynn, Logansport; treasurer, Tom Taggart of French Lick; national committeemen for Indiana, Mrs. James R. Riggs of Sullivan.

Mrs. G. I. Guin of Rensselaer, chairman of the tenth congressional district withdrew from the race for national committee woman, and permitted the entire slate of officers to go through without opposition.

John McFadden of Rockville was elected chairman of the platform committee to succeed Chambers.

DIAPASIONS MEET SUNDAY

Annual Session Will be Held at St. Paul's M. E. Church

The nineteenth annual reunion of the Rush County Diapason association will be held at St. Paul's M. E. church Sunday afternoon at 1:30 o'clock. The meeting was originally announced for the Main Street Christian church, but the place had to be changed to avoid a conflict with the Dr. E. L. House meetings. In addition to the singing of the old-time songs under the leadership of John A. Spurrier, precentor, there will be special orchestra and pipe organ music, violin and vocal solos and quartets.

APPENDICITIS OPERATION.

James Morris, who is employed at the Ninety-Nine Cent store, underwent an operation for appendicitis at the Dr. Sexton hospital Thursday afternoon about four o'clock. He suffered a sudden attack and the operation was decided upon immediately.

THREE THINGS IN BUILDING OF FACE

Eating, Sleeping and Suggestion Three Things Which Determine It, Dr. E. L. House Says

HE ANALYZES SOME FACES

Beginning Sunday Afternoon, Psychologist Will Lecture Twice Daily at Christian Church

Three things enter into face building, Dr. E. L. House said in his lecture on "The Drama of The Face" at St. Paul's M. E. church Thursday night—eating, sleeping and suggestion, and he urged that particular attention be paid, to these three phases because eventually, the speaker declared, the face will drop its mask and what is behind it will come out.

A large and interested audience heard the lecture, at the close of which Dr. House analyzed the faces of some of his hearers.

Tonight his subject will be "Spiritual vs. Mental Healing," a great teaching lecture and a survey of metaphysics as practiced today. Saturday afternoon, his subject will be "Psychic Phenomena," in which he discusses Theosophy, Spiritualism, Hypnotism, Dreams and Telepathy.

This will mark the close of the lectures at St. Paul's church. On Sunday Dr. House will move over to the Main Street Christian church and in the afternoon at 3 o'clock he will lecture on the subject, "Where is Heaven?" In the evening he will deliver the baccalaureate sermon to the graduating class of the Rushville high school. His subject will be "Life as a Masterpiece."

Speaking on "The Drama of The Face," he said in part:

"There is a story in every face. The face we have at fifteen is the one nature has given us; the one we have at fifty we have made for ourselves. Every young man's face is a prophecy; every old man's face is a history."

"I like the old people's faces best, because they have so much of life drama and history in them. What is more pathetic than the face that shows it has lived for itself, and is stamped by lust and passion? What more beautiful than the face of kindness and goodness reflecting the true and the noble? Why does the face reveal so much? Because back of the face are forty-two great nerve centers, and over these the brain sends its thoughts to different parts

LANDMARK ON THE PATHWAY TO PEACE

Premier Lloyd George Thus Describes Genoa Conference at Final Plenary Session Today

REFERS TO TEMPORARY TRUCE

(By United Press)
Genoa, May 19.—This conference will prove an ever inspiring landmark on the pathway to peace, Lloyd George declared today in his speech at the last plenary session.

The British premier described the Genoa gathering as one of the most remarkable conferences in history. He admitted the conference had not progressed as far as the most had expected. Regarding the temporary truce past, it was only a provisional measure, but that once it was established, no nation would go back on it, he declared.

The psychological effect upon the peoples of the world would be electrical, he declared. A thrill of peace had gone through the world, he said.

Representatives of 29 nations, met at St. Georges palace to complete the work of the parley, formally accepted the non aggression pact.

Premier Facta, of Italy signed the document containing the truce agreement and by this act, each nation represented at the closing session was understood to have given assent.

The plenary session adjourned at 1:10 p. m., bringing the economic conference formally to an end.

ADMINISTRATION MEETS SUCCESS

Efforts to Bring About Better Business Conditions Get Results Are Two Conferences

STEEL AND COAL MEN MEET

General Conference of Operators to Check Profiteering as Result of Strike To Follow

By THOMAS L. STOKES

(U. P. Staff Correspondent)

Washington, May 19.—The administration has met with initial success in its efforts to bring about better business conditions through a series of conferences here with the leaders of the nations industries.

The leading steel men of the country after a conference at the White House last night, went on record as agreeing in principle to the abolition of the 12-hour day in the steel industry. A committee of five steel magnates will be appointed by Judge Elbert H. Gary to make a thorough investigation of President Harding's request that the working day be cut from 12 to 8 hours.

A general conference of 1500 coal operators to check profiteering in coal and out of which might come some settlement of the nation-wide mine strike has been called as the result of Secretary of Commerce Hoover's discussion of recent increases in coal prices with about fifty non-union coal operators yesterday.

Hoover desires to have the operators set up committees of their own, forming an organization somewhat similar to the war-time fuel administration which will keep coal prices down. The operators, however, have raised the question as to whether such an organization would not violate the anti-trust laws and Attorney General Daugherty has been asked for an opinion. Because of the progress made in the steel and coal conferences, administration officials are hopeful of results at the dinner of leading railroad heads at the White House. The railroad men will be asked to "go the limit" and agree to as large rate reductions as possible.

The president during the last 24 hours has made it clear that he will insist that the labor be fairly treated.

GUARDIAN IS NAMED FOR WILLIAM DAGLER

Court Acts on Petition of Two Sons Who Allege He is Not Able To Attend To His Affairs.

J. F. JOYCE ASKS DISMISSAL.

James V. Young was appointed guardian for William Dagler last morning in the circuit court, when the defendant consented to have the guardian appointed, and admitted in his answer to the complaint filed by his two sons, that he was not capable of managing his own affairs.

Very little business was being transacted today in the court, as only matters of minor importance concerning issues to cases were brought up.

John F. Joyce, defendant in a suit filed by Albert C. Stevens, in which a recount of the ballots at the republican primary election, has filed a motion asking that the court dismiss the suit. No action concerning the motion, or the plaintiff's petition for a recount has been taken in the matter.

Several court cases are docketed for Saturday, including a couple of divorce suits which were set for hearing last Saturday, but continued over until this week.

The First National bank of Lewisville today filed suit in the circuit court against Alva D. Eakins and Josephine M. Eakins, the complaint being to collect on a note and for foreclosure of a mortgage on a farm, in which \$4,000 judgment is demanded.

TO PRESENT STAGE SCENERY

Graduating Class of Rushville High School Decides on Gift

The 1922 graduating class of the Rushville high school will present the school with some appropriate scenery for the stage in the auditorium of the Graham Annex building. It is the custom of the graduating classes to use a part of the proceeds from their class plays and other undertakings to buy a gift for the high school. In the past the gifts have been largely art and pieces of sculpture.

The class netted \$216.81 on "The Far-Away Princess," the musical show which was given April 27 and 28. The proceeds amounted to more than \$400 but heavy expenses cut this sum down.

WILL RAISE MONEY FOR THE CENTENNIAL

Finance Committee Announces That People Will be Called on to Contribute in Few Days

TO MAKE CREDITABLE SHOWING

Money will be needed to defray the expenses of the Rush county centennial celebration, which will be held in Rushville June 14 and 15, and the effort to raise enough funds to meet the financial needs of the occasion will be started in a few days, according to an announcement given out by the finance committee, which is as follows:

"As you all know, we are expecting to celebrate Rush county's one hundredth birthday June 14 and 15.

"Nothing in the way of a creditable recognition of the event can be staged without financial assistance.

"In a few days the financial committee will call upon the people of Rushville and Rushville township for this money. We trust that you will be prepared to make a generous contribution to this great and rare event.

"This is your county and your celebration; so please contribute your part."

ON AN EXCURSION TO STUDY THE SOIL

Class of Muncie State Normal Students Pass Through Here Today In Motor Busses

TO RETURN SATURDAY NIGHT

A class in geography and geology from the State Normal school, eastern division, of Muncie, passed through Rushville between 11 and 12 o'clock today in four motor busses enroute to Decatur and Brown county where they will study the soil.

The class was in charge of Prof. Fred J. Breeze, instructor on the faculty of the state normal, and is composed of fifty-three students, the majority of whom are girls. Three other students not in the class also made the trip with the party. The class was to spend the afternoon in Decatur county, stay over night in Columbus and devote Saturday to the study of the soil in Brown county, returning home Saturday night.

Prof. Breeze will take a party of state normal students on a geological excursion to the Pacific coast this summer. They will go by rail and spend several days in Yellowstone Park, and will also visit Puget Sound. Last summer he conducted a party of students on a motor trip of five weeks duration through the east.

AFTER RECRUITS

Representatives from Ft. Benjamin Harrison were here Thursday in an effort to secure enlistments for the army, which are now needed in practically every branch of the service. Men are now wanted especially for service in California, the Philippines and other island possessions, and the pay is listed at \$30 and upward a month. The enlistments may be made by applying at Fort Harrison, they stated.

VICTORY SCARE TO THE OLD GUARD

Immediate Results of Pennsylvania Progressives Triumph Will be Attempt to Speed up Legislation

VOTERS ARE DISSATISFIED

Because of Pinchot's Victory Belief Prevails That Political Machines Are Losing Effectiveness

(By United Press)
Milford, Pa., May 19.—Results of the Pennsylvania election indicate there is to be a "peoples awakening" and better government will follow, in the belief of Gifford Pinchot, Progressive Republican victor in the Keystone state's gubernatorial primary.

Pinchot sees in his triumph over the powerful state organization once bossed by Cameron, Quay and Penrose, unmistakable signs of the approaching "awakening" at least in Pennsylvania.

By HERBERT WALKER

(U. P. Staff Correspondent)

Washington, May 19.—Victory of Gifford Pinchot over the once powerful Pennsylvania Republican machine coming closer on Senator New's defeat in Indiana, has thrown a real scare into the Old Guard here.

One of the immediate results of the Pennsylvania Progressives triumph in a state where the Republican organization has reigned supreme for many years, will be an attempt on the part of old guard leaders in the senate to speed up legislation.

Two main reasons lie back of the old guards sudden move for speed. These are:

1—Realization privately admitted that a large bloc of voters are dissatisfied with the present congress.

2—A desire to wind up the present session and get back in their respective districts to mend fences in the hope of preventing defeats to party organizations such as have come in Pennsylvania and Indiana.

Because of Pinchot's victory there is also an increasing belief here that the political machines throughout the country are losing their effectiveness to a considerable degree. Both Pinchot and Beveridge in Indiana "bucked" strong party organizations and won.

To many observers here it appears the voting public, regardless of party, is exhibiting a new voting independence.

Some political wisecracks believe the enfranchisement of women is responsible and that never again will a machine appear to rival those of Quay and Penrose.

MISS ANNA GILSON STRUCK BY MACHINE

Suffers Two Broken Bones in Lower Right Arm and Many Bruises Thursday Evening

ROSCOE NEWHOUSE DRIVER

Miss Anna Gilson was painfully injured Thursday night about 7:30 o'clock, when she was struck and knocked down by an automobile at the corner of Third and Main streets, suffering two broken bones in her lower right arm, and numerous bodily injuries.

The machine was driven by Roscoe Newhouse, son of Oscar Newhouse, living north of Rushville, who was detained by the police, but later released. Miss Gilson and her neighbor, Mrs. William Denny, were starting to cross the street, and had to pass around a crowd of men collected at the corner, when they stepped down at the curb. Mrs. Denny jumped back in time to avoid being struck, but Miss Gilson was hit and thrown several feet ahead of the machine.

She was removed to a physician's office where her injuries were dressed, and she was later taken to her home, 23 East Third street, where she was reported today to be resting as well as could be expected, and nothing serious is expected to result from the accident.

J. C. Humes Praised As a Good Soldier

Joel Wolfe, post No. 81, G. A. R., of this city, has passed resolutions as follows praising the late John C. Humes, civil war veteran and active member of the post during his life:

Headquarters Joel Wolfe Post No. 81 G. A. R. Rushville, Ind. In Memoriam

John C. Humes was born in the State of Ohio and came with his parents to Indiana in early manhood where he resided until August 12, 1862, when he enlisted in Company I of the 68th Indiana Volunteers for a term of three years. He served as a faithful and true soldier until June 12, 1865 when he received an honorable discharge.

After said discharge he returned home where he lived a long, honorable and useful life, and on April 17, 1922, at the ripe old age of eighty-two years, answered the last Roll Call and passed to his reward.

Comrade Humes had filled many, if not all, of the official positions in our Post and was Chaplain at the time of his death.

Resolved: That in this hour of their great sorrow we offer to his afflicted family our sincere sympathy and condolence.

Resolved: That the Post Commander and Adjutant are hereby requested to properly attest and forward to his family a copy of these Resolutions.

FARM ANIMALS

INFORMATION ON MARKETING

Department of Agriculture Publishes Bulletin Showing Monthly Trend of Prices.

(Prepared by the United States Department of Agriculture.)

Farsighted farmers get more money for their live stock and crops by following the law of average prices in the marketing of their products than do those who ignore the seasonal price fluctuations. In the past one of the chief difficulties confronting those who wished to profit by such information was that reliable figures which showed the monthly trend of prices for crops and live stock were not readily available. For that reason "Market Statistics," a 280-page bulletin published by the United States Department of Agriculture, should prove especially valuable. It was prepared by the bureau of markets and crop estimates.

In the case of hogs, for example, actual average prices are given for each of the last eleven years, month by month, for several of the more important market centers. Tables show the average monthly prices for the eleven years combined. The man who ships hogs to Chicago can find out from a table in this bulletin that the average December price is 9 per cent lower than the eleven-year average. The average September price is 8 per cent above the eleven-year average. When comparing September, the highest month, with December, the lowest month, it is seen that the September price for the eleven years is 19 per cent above the December price. With such information available one can often adjust his farm operations so as to get his stock ready for market during the months of average high prices. He may also see where it would be profitable to hold his crops for marketing in months of higher than average prices!

The bulletin gives such information for all classes of live stock, including hogs, cattle, sheep and their manufactured products. There are statistics

Flock of Sheep Ready for Market.

of a similar nature pertaining to practically all crops which the average farmer has to sell. A study of the bulletin would call attention to markets receiving large quantities of such produce. By comparing prices at several markets one could reach a conclusion as to which generally pays the most attractive prices.

A book of this nature from a book publisher would cost \$2 or \$3, but it may be obtained at a cost of only 30 cents to cover the cost of printing from the Superintendent of Documents, Washington, D. C. The department has no copies for free distribution.

ed in the economic readjustment now under way.

He warned the business men attending the U. S. Chamber of Commerce convention that they must not expect to go back to the "old order" of American industry and exchange, adding that business leaders must always have thought for the masses who make both production and consumption possible.

W. F. SUNMAN FUNERAL

The funeral services for William F. Sunman, who died Thursday morning at his home near Raleigh, will be held Saturday morning at eight o'clock at the St. Mary's Catholic church in this city, in charge of the Rev. Francis Schaub, with interment in Calvary cemetery. The deceased was a native of Germany, but had resided in Washington township for a great many years.

Pilgrims Knew the Bible

Three hundred years ago a little band of men and women lived on faith and hard work in the forests of Massachusetts. They are known now as Pilgrims because they sailed from England to find a place to worship God without restraint. They brought their pastor with them—few modern immigrants do.

Bible Develops Character

The Pilgrims were poor and unlearned, but they knew the Bible. That knowledge developed a type of character we all admire! These first settlers would not be known to posterity had they not been so well acquainted with their Bible. Is your Bible a parlor ornament, or a study book? Read it today around the family lamp. Read it every day.

CHURCH SERVICES

St. Paul's M. E.

Pastor, Rev. C. S. Black.
Sunday school at 9:30 a. m.
George N. Wiltse, supt.

Morning worship, 10:30. Sermon by the pastor.

lice signal box. Six policemen answered the summons. "Officers, do your duty!" commanded the summoner. They did so, arresting Mr. Joseph Johnson for imbibing too freely of a product of the malt and hops in which he himself is a dealer.

Mr. Johnson had, apparently, succeeded in getting just enough of the stuff into his system to make him realize that something was wrong. He had no one but himself to blame, yet he needed help, so his message went out accordingly.

In most bad situations, "myself" is in some way to blame. Either the self does not yield, as it should, to the situation, or it does not, as it should take command of it.

There is the story of the woman who, in despair over domestic difficulties and weariness, announced to her colored maid that she just had to "get away from everything for a while." "Whats' the use, honey? You just got to take yourself along!" was the reply.

Most of us lack the philosophy or the frankness which make Mr. Johnson and the colored servant so refreshing in a world of people who habitually find it the line of least resistance to deceive themselves.

Railroad Economy
The Pennsylvania Railroad announces a net income for last year of \$24,307,000, which is not bad for a year of business depression and shrunken traffic. It amounts to nearly 5 per cent on the capital stock outstanding.

More interesting still is the process by which this showing was made. The Pennsylvania accomplished the remarkable feat of reducing its operating expenses to the extent of \$190,000,000 for 1921 as compared with 1920. Much of this saving, no doubt, was effected automatically in the natural reduction of current expenses for labor, fuel, etc., accompanying diminished traffic. Most of it, evidently, was the result of increased efficiency in operation.

It is to be remembered that the Pennsylvania was already regarded as highly efficient, judged by American railroad standards, which pre-empt the highest in the world. What vast benefits, then, might not follow if American railroads generally were able to follow the Pennsylvania's example?

The best thing about it is that the economies introduced can be practiced just as well in good times as in bad times, thereby doubling the benefits of normal prosperity. Therein lie the big possibilities for American railroading hereafter. Excellent as our transportation is, compared with foreign railroading, it is still wasteful and inefficient when compared with some of our other industries.

PEOPLE'S SAYSO

To The Farmers of Rush County.

No one connected with the management of the present studies in psychology now being conducted by Dr. E. L. House in Rushville has any knowledge of the writing of these lines and he will not be to blame if the Daily Republican sees fit to print the following:

After listening carefully to the address of Sunday evening and noting the plain open manner in which Dr. House dealt with one of the most difficult subjects that has ever engaged the mind of man, my own "sub-conscious mind" awoke my "conscious mind" at midnight and caused it to wish that every young man and young woman, and middle aged man and middle aged woman in Rush County might have the privilege of attending these lectures.

Very many of us have never had the opportunity of attending college; and here is a college course brought to our very door. Certainly, "this is a very busy season of an unusually late planting time," but here is also an intellectual harvest that comes to comparatively few persons in a long lifetime. Don't imagine that his talks are for "intellectuals"

for if one may judge the course from the address of Sunday evening, his purpose is to reveal your own dormant powers. In other words, to help you get acquainted with yourself.

You and I, my brother man, are not to blame for becoming a wheel in the great machine of human endeavor; we were placed in the position we occupy by false ideas of goodness, greatness and power. So, come and hear Dr. House. Get a new meaning of living. Try to understand who you are, why you are here, and above all learn to know your Heavenly Father.

Come! Make "Lizzy" early-doubt and bring the hired-man and his family along. Sincerely-
ELMER HUFFERD.

SEEK TO BRING A WET-DRY VOTE

Liberals in The House Launch Campaign to Inject "Volsteadism" in Fall Elections

A BILL IS INTRODUCED

Object is to Compel Vote in Congress to Show Voters Where Various Candidates Stand

(By United Press)
Washington, May 19.—Liberals in the house joined hands today in a vigorous campaign to inject the wet and dry issue into this fall's elections.

Their hope is to force a vote in the house, and perhaps also in the senate on the proposition of legalizing light wines and 2.75 per cent beer see that people over the country will know just where the 1922 edition of congressional candidates stand on "Volsteadism" and can "swat" accordingly.

The fight for a wet-dry vote, in the house will center around a bill introduced by Representative Hill, Maryland, Republican, giving each congressional district option this fall on the manufacture of beer and wines, to be used only in homes and taxed at 20 cents a gallon.

Petitions asking the House and Ways and Means committee to conduct early hearings on the bill and report it to the House for a vote were put in circulation among House members today by Hill and other "liberals." Hill said he was confident that from 50 to 100 members would sign the petition and either number would be sufficient in the case of an ordinary legislation to force not only committee consideration but action on the floor as well.

Hill said he estimated on basis of two million gallons of beer produced in 1914 that the tax would put on beer would yield the government \$400,000,000 a year and that another \$100,000,000 would be raised by the tax on wines.

MASONIC MEETING

Phoenix lodge No. 62 F. & A. M. will confer the E. A. degree Friday evening beginning at 7:30.

HOW'S YOUR APPETITE?

When Stomach Distresses You, Take This Advice

Indianapolis, Ind.—"For three or four years I suffered terribly with backache and pains in my stomach. Most of the time my appetite was poor. I took one bottle of Dr. Pierce's Golden Medical Discovery and soon began to improve, and by the time I had taken the fourth bottle I was well. I can now eat and work as well as ever. However, I continue to take the Golden Medical Discovery occasionally."—John K. Johnson, 2139 Martindale Ave.

You can quickly put yourself in A-1 condition by obtaining Dr. Pierce's Golden Medical Discovery in tablets or liquid, or write Dr. Pierce, president Invalids' Hotel in Buffalo, N. Y., for free medical advice.

Quick Relief for Stomach Trouble

Money Back if Dr. Jackson's Digestive and Liver Powder Doesn't Do It. Free Sample Sent On Request.

Dr. A. L. Jackson practiced medicine in Ohio during thirty busy years. A great many of his patients were sufferers from stomach ills, and for these he evolved Dr. Jackson's Digestive and Liver Powder, using it for 30 years in his practice. Dr. Jackson's ripe experience taught him the superiority of powder over tablets, capsules and pills. The stomach does not have to digest a powder. When it reaches that organ immediate action is possible. The swift work of Dr. Jackson's Digestive and Liver Powder proves this. In cases of acute indigestion it usually brings immediate relief. Ordinary evils of indigestion—sour and gassy stomach, heartburn, bloating—are usually banished by the very first dose. If not satisfied with results after using the first box your money will be cheerfully refunded. At most druggists, 50c. Send for free sample. Jackson Medicine Company, Zanesville, Ohio.

Sold by most druggists.

IN THE WORLD OF SPORT

BROOKVILLE IS ONE OF STRONGEST

Will Provide Strong Opposition For Tail Lights in Southern Indiana League Contest

GOOD SEMI-PRO OUTFIT

Team Composed of Some of Best Players in Hamilton and Cincinnati—Schuck on Mound

Baseball fans are looking forward with interest to the game here Sunday, when the fast Brookville team hooks up with the Tail Lights. The Brookville team comes here with a reputation of being one of the strongest clubs in the circuit, but after the showing made by the locals in the last two contests, it is believed that they will be able to hold their own with the visitors.

With fair weather one of the largest crowds of the season is expected to be on hand to witness the game. Word from Brookville is to the effect that a large delegation of fans will accompany their team to this city. The locals play a return game at Brookville Sunday, May 28 and it is expected that many fans will make the trip to Franklin county.

A majority of the players on the Brookville team come from Hamilton, Ohio, and are the pick of the industrial league in that city. They have been playing a fast brand of ball since the league opened and last Sunday defeated Greenwood 5 to 4, although "Dick" Farrell held them to three hits. They have also defeated Batesville, but lost to Hope by a 5 to 4 score.

Schuck, who hails from Harrison, Ohio, is on the mound for Brookville again this year and he is said to be going good. He pitched against the Tail Lights last season and has a world of speed and curves. "Curly" Klop of Connersville is on the receiving end for Brookville and he is rated as one of the best catchers in the league. Viti of Hamilton is holding down the first sack job and Beshler is playing at second. Andy Biltz, who played on the Rushville team several years ago and is known as a hard hitter and capable outfielder, is manager of the Brookville team and plays in the outfield. Other players are rated as the best semipro in Hamilton and Cincinnati.

Croddy, who pitched for Andersonville last season and who gave the locals a battle, is the second string pitcher with the Brookville club. In all it is a well balanced team and is coming here to win.

In the game at Shelbyville last Sunday, however, the local crew demonstrated their hitting ability and it is believed that they have hit their stride in this department of the game. No changes have been made in the squad and the line-up probably will be the same that started at Shelbyville. The same team has been playing together now for two games and is fast developing into a real organization.

The weather last Sunday was against the pitching and with fair weather next Sunday, it is believed that L. Snyder, the southpaw hurler for the locals, will get off to a good start. Neideffer is also in good shape for a turn in the box and if needed will be available to stop the visitors. The locals are determined to even up the league race and are out to win Sunday's game.

Sport Summary

(By United Press)

New York—Runelise, 2 year old, was sold to Thomas Fortune Ryan for \$13,000, at the Spreckles sales at Jamaica.

Battle Creek, Mich.—Danny Frush and Johnny Reiser, New York feather weights, have been suspended for a year in Michigan for not putting up their best efforts in a recent bout. The commission has asked other states to recognize the suspension.

Brussels—Mlle Suzanne Lenglen, European champion reached the semi-finals in the world's hard court tennis championships by taking two love sets from Mlle Alson, Belgium. The French girl may meet Miss Mary Ryan, United States in the final round.

New York—Officials entries for the intercollegiate regatta at Poughkeepsie have been received from the naval academy and the University of Washington, Cornell, Pennsylvania, Columbia and Syracuse are expected.

New York—Babe Ruth and Bob Meusel, two Yank orphans will wire Commissioner Landis Friday night for reinstatement and their official pardon is expected to arrive Saturday morning. Indications point to the largest attendance in the history of the game as Kenny Williams Ruths home run rival, will be with the opposing Browns.

New York—Two Americans, Miss M. Sherwood, New York and Mrs. Wm. A. Gavin, are entered in the British women's golf championships which start in Sandwich, England.

London—Four Americans John G. Anderson, George Dixon, Jr. Donald Parson and John D. Chapman are on the list of 252 players announced for the British amateur golf championship starting May 22, at Prestwick.

New York—Willie Hoppe, former world's champion billiard player, has rented a Broadway building and will start the first of a string of billiard parlors he plans to open in several large cities.

Baseball Notes

The Vernon club has shipped Pitcher Elmer Hill to the Beaumont club.

The Pittsburgh club sold Pitcher Lyle Bigbee outright to the Milwaukee club.

The next improvement in radio service will be to broadcast the score by innings.

The Shreveport club has given Pitcher Hick Farrell his unconditional release.

The veteran Deacon Phillippi is helping Bill Powell coach his pitchers on the Flint team.

Don't you sometimes wonder what a man with an umpire's talents does for a living in winter?

Manager Connie Mack of the Athletics has signed Bart McEllan, pitcher, of the University of Texas.

The Denver club of the Western has bought Bobby Coltrin, shortstop, from the Bloomington club of the Three-I.

The Little Rock club has released Catcher Gerald Weggs to Joplin of the Western Association to help out Gabby Street.

Rutgers College has appointed Edward Phelps, former National league catcher, to assist in coaching its baseball team.

The St. Louis Nationals released outright to Houston of the Texas league Pitcher Arthur Reinhart, a southpaw.

It didn't take Manager George Gibson long to discover that the shift in fields for Max Carey and Carson Bigbee would not do.

"Chick" Fewster, of the New York Yankees, was fined \$1 by a judge in Washington for driving an automobile without a license.

The Salt Lake team is finally fixed up behind the bat, Butch Byler, who has been holding out, making-up his mind to rejoin the team.

Manager Bill Killefer of the Cubs decided to keep Barney Friberg for awhile and sent infielder Benny Viveros to Los Angeles instead.

The Rochester Internationals and Sacramento Coasters have made a deal by which Rochester gets the re-calcitrant Harry Lunte, infielder.

CHRISTY MATHEWSON GAINING IN HEALTH DAILY AT SARANAC LAKE

"Big Six" as He Appeared in Pitching for the New York Giants.

Christy Mathewson, formerly star twirler of the New York Giants, is improving in health daily at Saranac Lake and sees his ultimate recovery within a short time. The lapses which he has suffered have not dimmed his optimism or shaken his resolve to "come back." This is the substance of a message which "Big Six" delivered to George Wiltse, his roommate in the days when they were both shining lights on the New York team.

In the first personal interview that "Matty" has given since he was sent into virtual exile by his physician, the old war horse said: "I am really feeling fine now. I am gaining in strength every day." Christy looks well and speaks in a strong voice, considering the terrible siege he has undergone.

ORIENTALS TAKE UP BOXING

One of Big Chinese Colleges Engages British Instructor to Teach "Manly Art."

China is progressing athletically, as well as in other ways, boxing now being taken up quite generally throughout the new republic.

One of the biggest colleges there has engaged a British instructor in the "manly art," while some of the clubs have also taken up the boxing game.

At a recent college meet there a number of bouts were put on and several of the Orientals showed considerable promise.

FOUR CAPTAINS IN LINE-UP

Leaders of Hockey, Basketball and Football Are Among Members of Baseball Team.

On the Harvard baseball nine are four varsity captains, and all of them were members of the first football squad last year.

Arthur Coulton is captain of the nine. George Owens, who plays first base, leads this winter's hockey team, and Lou Gordon, captain of the basketball team, plays right field. Charley Buell, captain-elect of the football team, is a substitute for second base.

Philadelphia to Have School of Umpires

The Philadelphia Baseball association announces it conducts a school of umpires to assure uniformity in enforcing rules, not alone concerning national regulations governing the sport, but in regard to the various grounds on which the many local twilight contests are to be played. More than 125 "pupils" already are enrolled.

And Few Really Enjoy It

"Even de dictionary can't tell you everything," said Uncle Eben. "Contentment is a word of three syllables, but dar ain' nobody I ever saw dat knows exactly whut it means."

RALSTON SPENT \$2,063

Indianapolis, May 19—Samuel M. Ralston, former governor, spent \$2,063 in winning the democratic senatorial nomination in the primary election, according to his expense account filed with the county clerk. The expenditures were apportioned as follows: Printing and publicity \$945.57; stationery supplies and postage, \$664.74; organization, \$308.40 and stenographic and clerical forces, \$114.30.

DYE ANY GARMENT OR DRAPERY WITH "DIAMOND DYES"

Buy "Diamond Dyes" and follow the simple directions in every package. Don't wonder whether you can dye or tint successfully, because perfect home dyeing is guaranteed with Diamond Dyes even if you have never dyed before. Worn, faded dresses, skirts, waists, coats, sweaters, stockings, draperies, hangings, everything, become like new again. Just tell your druggist whether the material you wish to dye is wool or silk, or whether it is linen, cotton, or mixed goods. Diamond Dyes never streak, spot, fade, or run.

Where Economy Is Yours

You can "hold off" that new suit that costs so much now by having your old one made like new. For the difference in service and at the same price of the ordinary cleaner you will show good judgment in having us do your cleaning. That's where you show economy. Here is where you get it.

SOCIETY

Edited By Miss Edna Krammes
Phone 1111

Mrs. Earl H. Payne will entertain the Tri Kappa sorority at the regular meeting Monday evening at her home in North Main street.

Mr. and Mrs. John Newman have announced the engagement of their daughter Helen Newman, to Richard C. Murphy, formerly of Vermillion, South Dakota, the wedding to take place in this city Saturday.

At the card party given Thursday evening at the St. Mary's hall by the young ladies of the St. Mary's Catholic church, eighteen tables of cards were in session. Eachre was the amusement for the evening. Dainty refreshments were served by the hostesses.

Miss Leonora Norris was hostess to twenty-five members and guests for the May meeting of the Rushville chapter of the D. A. R. Thursday afternoon. An interesting report of the year's work of the Woman's Council was given by the chapter's representative, Mrs. Sarah Guffin.

Plans were made for the completion and erection of the bronze tablet in memory of all revolutionary soldiers buried in Rush county, to be placed in the court house corridor during the week of the centennial celebration, June 14.

OFFICER LOST A LOT OF TIME OFF HIS BEAT

Haley Declares He Suffered From Serious Stomach Trouble and Rheumatism But Tanlac Made Him Able to Brave Worst Weather.

"I'm always telling my comrades what Tanlac did for me," said Patrick Haley, well-known police officer, 1023 S. Ninth St., Terre Haute, Ind.

"For five years there was scarcely a day my stomach did not trouble me. My food seemed to lie like lead in my stomach and I had cramps that nearly drew me double. I was also troubled with sluggish liver, constipation and severe headaches. I got so dizzy I just keeled over. I had the flu which left me very weak then muscular rheumatism set in and I couldn't work regularly.

"I decided to see what Tanlac would do for me, and five bottles put me back on the beat feeling fine even in the worst weather. Indigestion is a thing of the past and the rheumatism has disappeared too. Tanlac is simply great for troubles like I had."

Tanlac is sold by all good druggists.—Advertisement.

During the business session the following officers were elected for the ensuing year: Regent, Mrs. Bertha C. Logan; vice-regent, Mrs. Anna Elizabeth Amos; recording secretary, Miss Elizabeth Hackleman; corresponding secretary, Mrs. Lena Poe Warner; treasurer, Mrs. Martha Grindle; registrar, Mrs. May Logan; historian, Mrs. Frances F. O'neal; chaplain, Mrs. Sarah Guffin; publicity chairman, Miss Emma Casady.

The program for the afternoon was very interesting and included the following talks and literary program: the president general's message in the April magazine was read by Mrs. Lillie Winship; reading "The Name of Old Glory," Miss Margaret Winship. The paper on "Patriotic Songs" read by Mrs. Jennie VanOsdol, was very interesting. Among the many patriotic songs "Yankee Doodle" is the oldest, it being one hundred and fifty years old, she stated. The song was composed by a British officer in contempt of America. There are sixteen different versions of the song.

The closing number of the program was given by Miss Sarah I. McConnell, musical director in the public schools, and the young girls glee club, composed of Margaret Guffin, Rowena Kennedy, Lois Ethel Steffy, Mary Louise Innis, Marian Lucas and Emily Mauzy.

The hostess was assisted in entertaining by Mrs. Mason Hosier, Mrs. Sarah C. Moore, Mrs. Jennie VanOsdol and Mrs. Frances Payne.

VICTORY SCARE TO THE OLD GUARD

Continued from Page One
Senator Borah declared it "the most radical revolution in American political for many years and it is exceedingly encouraging." He also stated the victory was an unmistakable commendation of the primary, adding that without it, "Pinchot would not have had any more show than I would have of being king of England."

Cordell Hull, chairman of the Democratic national committee, declared Republican party organizations in Pennsylvania and Indiana had been destroyed.

DALTON JURY DISAGREES

Chicago, May 19.—The second jury to sit in judgement upon Wm. Dalton, 17, who walked out of the Northern Trust Company with a huge bundle of liberty bonds, disagreed and was discharged today. The jury stood 11 to 1 for acquittal. Prosecutors will ask another trial.

COUNTRY GROCERY MEETS ITS DOOM

State Board of Health Will Exhibit Its Model Grocery Store at Health Exposition May 19-27

TO PRESENT SHARP CONTRAST

Indianapolis, Ind., May 19.—Insane, feeble minded and epileptic classes in Indiana cost last year the enormous sum of \$6,000,000 Governor Warren T. McCray said in a speech today opening the Indiana health exposition at the state fair-ground.

"Most of this sum could have been saved if the race had been kept pure and the blood had not been contaminated by sin and accessions which could have been prevented," he said.

The exposition ends Saturday, May 27.

Indianapolis, Ind., May 19.—The country store with its cannon stove, sawdust spit box and open prune barrel is doomed.

Cross roads forums and checker tournaments will be forced to acclimate themselves to closed food containers and dustless counters if the state board of health succeeds in establishing its model grocery store, which will be exhibited at the Indiana Health Exposition at the state fair grounds May 19 to 27, Dr. J. N. Hurty, secretary said today.

The typical old style of Indiana country store with all of its trimmings will be set up in sharp contrast to another of the modern and sanitary type advocated by the Indiana Wholesale Grocers' association.

The open well with bucket and rope is another relic which will be attacked by the board at the exposition at its laboratory exhibition.

A traveling milk laboratory will acquaint the public with friendly and unfriendly bacteria while explaining methods of city milk survey will also be exhibited.

THREE THINGS IN BUILDING OF FACE

Continued from Page One
of the body, and these leave a delicate impression upon the face in front, until after awhile, it reveals the work of the sculptor within. We can build a face just as we can build a body, a mind, a will.

"Three things enter into face building—eating, sleeping and suggestion. We must be more careful of our diet, we must go to bed earlier, and we must hold over the ugly duckling the suggestion that a homely face, through strong thinking and good living can be changed into a face of power. Homely babies can make good looking men. Of course there are exceptions to the rule, but the rule stands good. It is true that the face will after a while drop its mask and what is behind it will out."

A large audience listened to Dr. House lecture this afternoon as he spoke on "Turning to the Infinite," taking an illustration of the four strings of a violin, G, D, A, and E, he showed that each one of these strings is capable of producing three notes of great importance in the musical world.

He said: "Man has in him these

same four great strings, and each one of these strings is capable of producing three notes which if tuned to their object of life, makes man great. The G string stands for God, and the three notes are Father, Son and Holy Spirit. The D string stands for Deny, Determine and Declare. Man must resist the power of evil, he must use his will in making the light, and he must declare for truth. The A string stands for Attainment, Abandonment and Action. To be attuned in eyesight means joy. To be out of tune in any bodily function was to be miserable. We must abandon sin, because the greater part of our sickness comes from it. We must act up to the light we have, for to do so, is to get more light. The E string stands for Embodiment, Enlargement and Enjoyment.

"What we embody in our mind we get in our lives. Therefore we should embody the good, not evil; health, not disease. We should get beyond the enlargement of the dollar. Enlarge toward character, toward God, toward man, for this saves in the end. We are made to enjoy life, and God wants us to be happy. True Christianity is not of the fettered kind, not the "cabin" kind, but the wholesome sweet and joyful kind. If we live the true Christianity we will make it attractive."

SUIT FOR MILLION DAMAGES

Charleston, W. Va., May 19.—Suit for one million dollars today was brought in federal court against the United Mine Workers of America by the Willis Branch Coal Company for the alleged moving of the company's holdings in the Fayette Fields more than two years ago. Attorneys for the company said they would institute proceedings for the attachment of property owned by the United Mine Workers in Charleston and Veckley valued at \$150,000.

NAMED VICE-MODERATOR

ordered his men to stay away from the factories except in line of duty.

Why Are Some Women Popular,

happy, beloved and successful, while others drag out a negative existence, of no use to themselves or anyone else? Except in a few cases the answer is to be found in a state of freedom from the troubles known as "female." The well woman radiates cheerfulness and serenity, while the ailing one repels because of her lack of these qualities. It is not necessary, however, to harbor aches and pains, and the "blues" that make one a detriment to society. The use of Lydia E. Pinkham's Vegetable Compound has brought relief to such women, and given them a new lease on life.—Advertisement.

WARNING AGAINST POLLUTED RIVERS

John Diggs, Sanitary Engineer, Cautions Vacationists About Swimming in Big Rivers

DIVE IN SMALL STREAMS

Say Only Three Big Rivers in State Are Free From Sewage, Empty From Large Cities

(By United Press)

Indianapolis, Ind., May 19.—If you're going in swimming this summer dive into the little streams.

Find an old swimming hole that is in a rapid stream which has few large cities on its headwaters.

There are three big rivers in Indiana that are safe all the way along their course. They are the Tippecanoe, Kankakee and the Patoka. When you go on your vacation hunt them out; the other big ones are dangerous in some places.

This advice was laid down to the Indiana vacationists by John C. Diggs, Sanitary engineer for the state department of conservation when he pointed out the danger of swimming in streams polluted with sewage.

Diggs said bathing in White River for instance as far south of Indianapolis as Spencer—over fifty miles away—was fraught with some danger. North of Indianapolis White River is polluted by the cities of Noblesville, Anderson, Muncie and Winchester.

According to the tests made by Diggs, White River appears to be the most badly polluted stream, judging from the urban population residing along its banks, from which sewage is carried away. However, in some places it is comparatively clean. It is comparatively free from dangerous water at Muncie, Columbus and at the mouth of the east fork. It contains the most sewage near the border of Monroe County.

According to Diggs, the Maumee river at the state line contains a great amount of impurities. The Wabash is nearly as bad as the White river in some places, he said.

"The conditions of the streams vary at different times and it is hard to determine accurately the extent to which the stream is polluted," he said.

"The division of engineering of the state department of conservation during the last few months has been enabled to bring about a reduction in the sewage load in the streams at several points in the state."

"There is considerable waste in the streams from factory by-products and the process of recovery is slow, for each waste requires a different treatment, and usually demands an investigation."

The wastes encountered in working with Indiana industries are: tanning industry, gas and coke, milk plants, meat packing and rendering plants, straw board and paper mills, oil wastes from wells, roads and erecting plants metal working industries, and mine waters, distilleries, leather industries and chemical work.

TO SHIP FREIGHT TO EUROPE IN A WEEK

Special Train Pulled Out of Chicago For New York With Orders To Reach There Before Saturday

FIVE DAYS FOR OCEAN TRIP

(By United Press)

Chicago, May 19.—Freight shipment from Chicago to Europe in a week was the object of a special train which pulled out for New York at 1:30 a. m. today.

The train was given a clear track on the New York Central with orders to reach New York before 11 a. m. Saturday for loading of the shipment on board the Majestic world's largest liner. The ocean trip is expected to take five days. The train composed of forty cars loaded with products of Morris and Company, packers, was arranged by the Chicago Association of Commerce in an effort to overcome difficulties of sale of Chicago and Midwest manufactured goods over sea.

Ordinary time for freight shipment from Chicago to England is three to four weeks.

COUNTY NEWS

Arlington and Vicinity.

Dr. and Mrs. A. G. Shauck have gone to Cincinnati, Ohio, for a week's vacation. The doctor is suffering with blood poisoning in one hand and is unable to practice.

Mr. and Mrs. Cecil Collins, Ezra Collins and Mrs. Moffett of Knights-town motored here Sunday and visited Mrs. Collins' uncle, D. M. Pressnall and family.

Mrs. Sullivan and daughter Helen of Cincinnati visited Mrs. Anna Riden and family last week while enroute to California, where they will make their future home.

Mrs. Mahala Edwards has returned home from a visit with her brother near Rushville.

Mr. and Mrs. Sam Bogue and daughter visited Mr. Bogue's parents in Arlington Sunday.

Mrs. Amanda Linville has returned to the home of her son-in-law in Indianapolis after a week's visit in this vicinity.

L. H. Maey and E. C. Maey made a business trip to Indianapolis Thursday.

James Cross is improving after a serious illness of heart trouble.

The public meeting of the Woman's Missionary Society of the M. E. church was well attended Wednesday night and the program was enjoyed. The society will give the program at Pleasant Ridge M. E. church week from Sunday night.

Plum Creek

There were one hundred and twenty-one in attendance at Sunday School Sunday.

About seventy-five from this vicinity attended church services at Ben Davis Creek church Sunday eve.

The Plum Creek congregation is invited to meet at the Glenwood Christian church next Sunday evening and enjoy the services with the Glenwood people.

Mr. and Mrs. Homer Hall entertained at dinner Sunday Mr. and Mrs. Donald Kiser and daughter Ruth, Mr. and Mrs. Elbert Gordon and daughter Luaduh, Mr. and Mrs. William Meyer and children Walter, Martha May and Mr. and Mrs. Kanerda Jones and daughters Maxine and Pauline.

Mr. and Mrs. Aaron Kennedy and daughter Helen were Sunday guests of Mr. and Mrs. Frank Logan.

Mr. and Mrs. Harry McMillian and children motored to Liberty, Indiana, Sunday where they visited relatives.

Mr. and Mrs. Clifton Jarrett and children spent Sunday with Mr. and Mrs. James Leonard.

Mrs. Martha Gordon entertained at dinner Sunday Mr. and Mrs. Wm. Hall and Mr. and Mrs. Luther Nixon and children.

Mr. and Mrs. George Billings and children motored to Indianapolis Tuesday where they visited John E. Smith at his home here.

If Kidneys Ache or Bladder's Weak

Take Roots and Herbs to Flush Kidneys and Wash Out Irritating Acids

If your kidneys hurt or bladder bothers drink lots of water and remember these weaknesses result from uric acid. It is the duty of the kidneys to remove waste material from the system; if they become overworked and sluggish they fail in their efforts to filter and strain all the waste poisons from your blood. Practically all rheumatism, back ache, dizziness, constipation, sleeplessness and bladder weakness come from clogged kidneys.

To have strong, healthy kidneys, capable of easily and normally filtering from your blood 500 grains of Toxins (Poisons), which they should do every 24 hours, you simply must keep them clean and active and the acids neutralized so that your kidney and bladder troubles will be ended. Then you can forget you have a set of kidneys or a bladder. Just a natural stimulant is necessary. Simply get a bottle of Dr. Carey's PRESCRIPTION NO. 777 (Tablets or Liquid) made from harmless roots, herbs and leaves and take right after eating. You will be delighted with the results it will bring. All good druggists can supply you.—Advertisement.

The Antenna.

The Tuner.

RADIO

HOW AMATEUR CAN BUILD A RECEIVER

Instructions for Setting Up the Antenna and for Assembling the Tuner.

In order to pick up sufficient energy with the simple radio receiving set it is necessary to connect one terminal to an antenna consisting of one or more wires suspended in the air and insulated from all grounded material and the other terminal to a ground, usually the water supply pipe. The height of an antenna used with a small receiver should not be less than 30 feet. As the received energy varies directly as the height of an antenna, the higher the antenna the louder will be the signals or voice produced. The length of an antenna for short wave reception should not be less than 50 feet nor should it be longer than 200 feet. The minimum wave length to which a simple receiver can be adjusted for electrical resonance will be above that used by amateurs. If the receiver be connected to an antenna 200 feet or more in length.

A simple radiophone receiver capable of picking up radiophone stations similar to KDKA at East Pittsburgh, can be assembled by a novice for from \$4 to \$15, depending upon the builder's ability to use his hands. If the builder will construct most of his apparatus he will appreciate it much more and probably will understand more about its operation than if he buys a set already made. However, for those who have not the ability or the time to spend constructing their own apparatus the following description will not only give the details as to the construction of each component part of a receiver but also what standard ready-made parts can be purchased and used in its stead.

The material can be purchased at any electrical supply store.

In erecting a simple antenna for use with the receiver shown in the diagram, the antenna proper and the lead-in are of stranded hard-drawn copper wire, strand No. 22, costing about 1 cent per foot. The two insulators are of molded material and can be purchased for about 25 cents each. The antenna shown is supported between a house and a pole. It may be found more convenient to support it between a tree and a house, two houses or even between two chimneys on the same house. In bringing down the lead-in care should be taken that it is kept as far away from grounded material as possible and when bringing through the wall or under the window into the house it should be brought through some sort of an insulating tube, such as rubber or bakelite.

In making the ground connection the same kind of wire can be used as was purchased for the antenna. You can clean a section of the waterpipe thoroughly and solder the ground wire to it.

MAKING THE TUNER

To make a tuner for this receiver, the following raw material will be required:

- Piece of cardboard tubing three inches outside diameter and five inches long, costing about 10 cents.
 - 100 feet No. 22 double cotton-covered magnet wire costing 25 cents.
 - Standard slider (see sketch) for 1/4 by 1/2 brass rod, 40 cents.
 - 1 six-inch length of 1/4 by 1/2 brass rod (square) 20 cents.
 - 2 binding posts (see sketch) 20 cents.
 - 2 circular blocks, of wood whose diameter is just equal to the inside diameter of the piece of cardboard tubing and between 3/8 and 1/2 inch thick.
- Some shellac or varnish is also required.

Starting one-half inch from one end of the cardboard tube wind on the No. 22 D. C. C. wire within one-half inch of the other end of the tube. Fasten one end of the winding to the tube but allow some surplus wire on the other end for making a connection. After the winding is in place give it a coat of shellac or varnish to hold the turns in place. Assemble the circular-cut pieces of wood in the geometrical center of the square blocks and then shellac or varnish them for the appearance's sake.

When thoroughly dry slip the two end blocks into the wound tube and by means of a few finishing brads driven through the cardboard tube, fasten the end blocks to the wound tube. The slider is to be mounted on top of the coil and should be capable of making contact with any turn of the wire on the tube. In order to remove the insulation from the wire just under the rod where the slider moves back and forth, wrap a piece of sandpaper around a thin piece of wood and using another piece of wood as a guide, sandpaper the insulation from the winding. Drill a hole one-eighth inch in diameter through the slider rod about one-fourth inch in from each end so that the rod can be fastened by screws to the end blocks. After the slider rod is fastened in place see that the contact finger on the bottom of the slider can at all times make good contact with the winding. Mount a binding post on either end of the coil, attaching one by means of a wire to the slider rod and the other to the end of the wire wound on the tube and the tuner is complete. A tuner can be purchased already assembled for about \$3.50 to \$4.00.

LINKING MOVIE AND RADIO

British Scientists Have Some Success in Wireless Transmission of Motion Pictures.

British scientists are reported to have met with more or less success in developing a method of transferring motion pictures by radio. Some months ago a photograph was transferred by wireless from the Copenhagen newspaper, the Politiken, to England, and later from England to a ship in mid Atlantic, so that the possibility of linking the movies with the new art is not remote.

If perfected the new development of the already versatile art will make it possible for one to see on his own receiving instrument things that are happening at a great distance. For instance, a ship is sinking at sea. The transmitting station of the vessel, instead of sending a message of the disaster, sends a picture that anyone with a receiving set will be able to see just as the present broadcasting programs are heard.

That all sounds remote now, but the telephone was considered even more so, and the wireless, even after Marconi's immortal message had bridged the Atlantic, was generally believed to be akin to the idea of perpetual motion.

TIPS TO THE RADIOIST

- A crystal detector cannot be satisfactorily amplified.
- Insulate ends of aerial wires with several small insulators.
- Wherever possible run aerial wires at right angles to electric light wires.
- The lead wire should be the size of the combined number of wires in the aerial.
- Gas piping makes a poor ground, but the cold water pipe ground is excellent.
- A crystal detector is never as efficient as a vacuum tube detector, no matter what instruments are connected to it.
- Within three to five miles from a broadcasting station indoors one wire aerials about 40 feet long, stretched from room to room, are generally satisfactory with crystal detectors.

And if it isn't the dog it's something else

THE doors, woodwork, floors and furniture are constantly having their finish scratched and marred. You can't help it. And it's surprising how little it takes to detract from the beauty of your home. But most of that beauty is surface deep and is astonishingly easy to restore. All you need is a can of Tufcote and a brush.

Tufcote—the Du Pont Household Varnish Stain—dries over night and can be applied easily by anyone. It stains and varnishes in one operation. Dries quickly and gives a beautiful finish—and the finish lasts. We sell it in six beautiful wood colors. Stop in and try a can.

LACK OF KNOWLEDGE IN SPELLING SHOWN

Nineteen Out of 20 Words Were
Misspelled by Pupils in Achievement
Tests in State

NONE OF THEM ARE DIFFICULT

Indianapolis, May 19.—A vast majority of the pupils of the public schools of Indiana up to and including the eighth grade displayed a surprising lack of knowledge of spelling in achievement tests recently given throughout the state.

Nineteen out of 20 words, none of which are difficult, were misspelled by hundreds of pupils, according to reports reaching the state board of education.

"It is time that instructors in every grade in the public schools of Indiana were required to devote at least fifteen minutes to spelling every day during the school year," is the way one Kosciusko county instructor sizes up the situation.

The list of words given to the pupils in the achievement test the manuscripts of which are now being corrected follows: acquire, original, disease, annual, association, excellent, completely, disappoint, attendance, familiar, extension, inferior, merely, necessary, merit, cordial, probably, quantify, sense and planned.

Chicago — "I can't make good political speeches, but I am a Hell of a good preacher," Lady Astor told a Salvation Army meeting here.

AMUSEMENTS

Ann Little in "Silent Shelby"

The program for this evening at the Mystic theatre offers a variety of subjects. First there is Frank Borzage and Ann Little in "Silent Shelby." The play is described as a rip-sawing western.

You will remember Frank Borzage as the director of "Humoresque." It will be more than interesting to watch this inimitable director in this western picture. In addition to playing the stellar male role, Mr. Borzage also directed the production.

Ann Little is charmingly cast as the heroine, and the two make a most enjoyable combination.

The story is that of Silent Shelby, a slow moving young westerner, quick on the draw and alert to every danger. His rescues of the girl he loves is said to be a riot of western thrills and suspense.

Big Program at Princess

A big program is to be given for the patrons at the Princess this week-end, with two acts of vaudeville, a feature picture a Mack-Sennett comedy. This show will be given at all the performances today and Saturday.

"Second Hand Rose," the popular song sensation, has become "Second Hand Rose," the popular picture sensation.

For Gladys Walton's latest Universal starring vehicle at the Princess Theatre has a new kick. It enters a new field for material and the result is unique.

If there ever was a song character more pathetically lovable than "Second Hand Rose," it would be hard to name it.

The poor little girl had everything second hand. Nothing came to her new, clothes, troubles or a husband. But "Second Hand Rose" hardly needs description to the millions who have heard and sung the piece, and the story is just what you expect it to be. It's the "Second avenue hymn" visualized with the heroine a little Irish waif in a Jewish family.

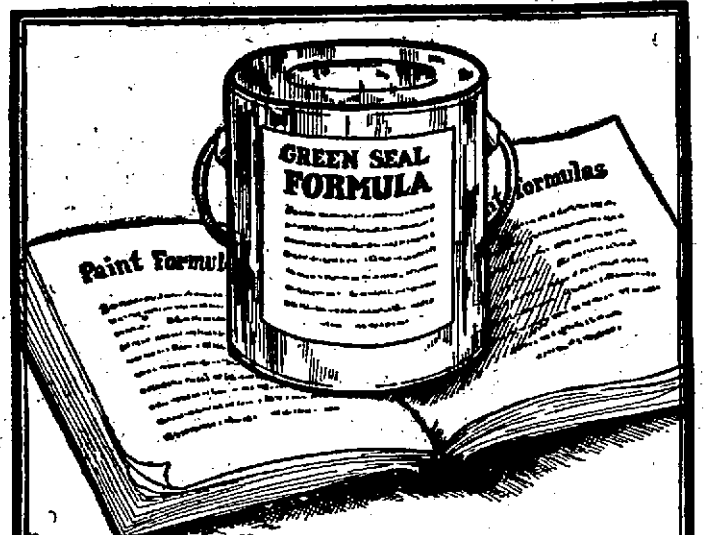

Jack Dougherty and Edward Sutherland handle the chief masenlin parts commendably, while Walter Perry, Max Davidson, Grace Marvin, Wade Boeteler, Virginia Adair, Geo. B. Williams, Alyce Belcher, Bennett Southland, Camilla Clark and Marion Faducha complete the cast.

I STILL SAY IT IS A PLEASURE

LOST!

250 Pimples, 736 Blackheads and 3 Boils!

No reward is offered, because they are lost forever! No question will be asked, except one question, "How did you lose them?" There is but one answer,—"I cut out how fast treatment and guesswork. I used one of the most powerful blood-cleansers, blood-purifiers and flesh-builders known, and that is S. S. S. Now my face is pinkish, my skin clear as a rose, my cheeks are filled out and my rheumatism, too, is gone!" This will be your experience, too, if you try S. S. S. It is guaranteed to be purely vegetable in all its remarkably effective medicinal ingredients. S. S. S. means a new history for you from now on! S. S. S. is sold at all drug stores in two sizes. The larger size is the more economical.

Found,—that glorious feeling that comes with a clear, pure, ruddy complexion.

LA FOLLETTE HAS HOT FIGHT AHEAD

U. S. Senator For Three Terms From Wisconsin Will Meet His Stiffest Opposition in Primary

RACE IS IN SEPTEMBER

Anti-La Follette Republicans Are Now Launched and Will Attempt to Defeat Him

By HERBERT W. LITTLE (U. P. Staff Correspondent)

Madison, Wis., May 19—"Bob" La Follette, U. S. Senator for three terms and Republican leader since his election as Governor in 1900, has a fight on his hands this summer and fall.

Sentiment in the state capital is strong that La Follette cannot be beaten, either in the primary or election.

But the "anti-La Follette" Republicans will fight him bitterly clean to the finish. They will also fight every La Follette candidate down the line.

Every candidate of the LaFollette organization now in power in the state administration, will have an avowed anti-La Follette opponent, and the fight this summer promises to be the fiercest that Wisconsin, always a hotbed of politics, ever saw.

The "sane progressives" as the anti-LaFollette organization dubs its members, will nominate a full slate of candidates, including state officers and senator, at a state convention in Milwaukee, June 1, called by the Committee of Forty-Four.

William J. Morgan, now attorney general, who entered politics as a "dark horse" in the last campaign, is the outstanding candidate for governor among the anti-La Folletteites, and will probably be nominated to oppose Governor John P. Blaine, who is a La Follette partisan, in his fight for the Republican nomination at the primaries.

Results of the Republican primary usually mean election, as neither Democrats nor Socialists for years have mustered strength enough to defeat the Republicans at the polls. The Non-Partisan League, with a large membership of farmers has elected to influence elections by throwing its voting strength to one faction or the other of the Republican party.

The powerful La Follette organization, has already announced a full state ticket. Governor Blaine and Lieutenant Governor George Comings will be candidates for re-election. Fred Zimmerman, a Milwaukee lawyer, for secretary of state, Herman Ekerf, prominent La Follette leader for attorney general, and Solomon Levitan, Madison banker, for state treasurer, complete the ticket. Elmer S. Hall, present secretary of state, will be a La Follette candidate for Congress from the ninth district, but other congressmen have little opposition to re-nomination.

Campaigning will be fierce beginning next month, through the summer up to the September primary. Senator La Follette will return to the Badger state to watch his popularity and oratory against the opponents he calls "reactionaries." Senator Irvine L. Lemroot, elected by LaFollette's opponents, will also return to take up the gage of

EVERYTHING FOR THE AUTOMOBILE

battle, although his term does not expire until 1926.

The search for an opponent is being pursued unabated, but so far no opponent for La Follette has been selected. Campaign issues are not wanting, however. Here the Blaine-La Follette partisans have taken the offensive. Governor Blaine called a special session of the legislature late in March, for the purpose of repealing the secrecy clause of the state income tax law, and the solons refused to pass the bill. The governor is now demanding the return of a legislature which will throw open the state tax returns.

The Newberry case, over which Senator La Follette bolted his party will receive much attention. Blaine at Fond du Lac recently declared that "Newberry's gold was being used against La Follette, the same as it was against Ford."

A recent speech by Kate Richards O'Hare, St. Louis Socialist campaigner, who served 14 months of a five year federal sentence for obstructing the draft, in the state capitol here, has been the subject of much editorializing by the anti La Follette papers on account of the fact that Governor Blaine refused to intervene when American Legion members demanded that he rescind the permission to use the state house. This is being used in conjunction with accusations against La Follette's war record.

The stands to be taken by the Non-Partisan League and the Socialists, both strong voting units, have not yet been announced, but their support is apt to throw the nomination, and consequently, the election, to either side, as far as the state offices are concerned. The N.P. L. supported Blaine when he was first elected two years ago, but rumors of a change in attitude have followed the appointment, last week of C. Platt, former New York State news-

paperman, as state manager. Blaine organization on account of several has been under fire from his own other appointments.
